## **Framework Vampire Romance Saga:**

**Postfeminism and Contemporary Vampire Romance** Lea Gerhards, 2022-05-19 In this book Lea Gerhards traces connections between three recent vampire romance series the Twilight film series 2008-2012 The Vampire Diaries 2009-2017 and True Blood 2008-2014 exploring their tremendous discursive and ideological power in order to understand the cultural politics of these extremely popular texts. She uses contemporary vampire romance to examine postfeminist ideologies and discuss gender sexuality subjectivity agency and the body. Discussing a range of conflicting meanings contained in the narratives Gerhards critically looks at genre's engagement with everyday sexism and violence against women power relations in heterosexual relationships sexual autonomy and pleasure self empowerment and self surveillance. She asks Why are these genre texts so popular right now what specific desires issues and fears are addressed and negotiated by them and what kinds of pleasures do they offer

### **The Vampire in Contemporary Popular Literature** Lorna Piatti-Farnell, 2013-11-07

Prominent examples from contemporary vampire literature expose a desire to re evaluate and re work the long standing folkloristic interpretation of the vampire as the immortal undead. This book explores the new vampire as a literary trope offering a comprehensive critical analysis of vampires in contemporary popular literature and demonstrating how they engage with essential cultural preoccupations anxieties and desires. Drawing from cultural materialism anthropology psychoanalysis literary criticism gender studies and postmodern thought Piatti Farnell re frames the concept of the vampire in relation to a distinctly twenty first century brand of Gothic imagination highlighting important aesthetic conceptual and cultural changes that have affected the literary genre in the post 2000 era. She places the contemporary literary vampire within the wider popular culture scope also building critical connections with issues of fandom and readership. In reworking the formulaic elements of the vampiric tradition and experimenting with genre bending techniques this book shows how authors such as J R Ward Stephanie Meyers Charlaine Harris and Anne Rice have allowed vampires to be moulded into enigmatic figures who sustain a vivid conceptual debt to contemporary consumer and popular culture. This book highlights the changes conceptual political and aesthetic that vampires have undergone in the past decade simultaneously addressing how these changes in vampire identity impact on the definition of the Gothic as a whole
