## **Step By Step Gothic Fantasy:**

How to Draw Gothic Fantasy Art Steve Beaumont, 2017-07-15 This engaging book will appeal to any art lover or for that matter any young person who is interested in drawing. It offers a step by step process for creating some of the most gory and villainous gothic characters around in line with those found in the most popular graphic novels today. It covers techniques such as drawing the right angle of lighting, shading, body language and more. You don't have to be an amazing artist to draw some of the most compelling characters. This book teaches readers just how to do that.

**The Alien Within** Leith Morton, 2009-02-26 Readers worldwide have long been drawn to the foreign, the exotic and the alien even before Freud's famous essay on the uncanny in 1919. Given Japan's many years of relative isolation followed by its multicultural empire these themes seem particularly ripe for exploration and exploitation by Japanese writers. Their literary adventures have taken them inside Japan as well as outside and how they internalized the exotic through the adoption of modernist techniques and subject matter forms the primary subject of this book. *The Alien Within* is the first book length thematic study in English of the alien in modern Japanese literature and helps shed new light on a number of important authors. Morton examines the Gothic, a form of writing with strong affinities to European Gothic and a motif in the fiction of several key modern Japanese writers such as Arishima Takeo. Morton also discusses the translations of Tsubouchi Shoyo, Japan's most famous early translator of Shakespeare and how this most alien and exotic author was absorbed into the Japanese literary and theatrical tradition. The new field of translation theory and how it relates to translating Shakespeare are also discussed. Morton devotes two chapters to the celebrated female poet Yosano Akiko whose verse on childbirth and her unborn children broke taboos relating to the expression of the female body and sensibility. He also highlights the writing of contemporary Okinawan novelist Oshiro Tatsuhiko whose work springs from what is for Japanese an exotic subtropical landscape and makes symbolic reference to the otherness at the heart of Japanese religiosity. Another significant but equally overlooked subject is the focus of the final chapter which analyzes the travel writing of internationally best selling author Murakami Haruki. Murakami's great corpus of work includes a one volume study of the 2000 Sydney Olympics which Morton discusses in detail. *The Alien Within* breaks new ground in its treatment of the exotic in modern Japanese writing and in its discussion of authors and work hitherto absent from critical discussions in English. It will be of significant interest to readers of literature and students of modern Japanese culture and women's writing as well as those fascinated by the occult Gothic fiction and the exotic.

### **Politics in**

**Fantasy Media** Gerold Sedlmayr,Nicole Waller,2014-10-28 Fantasy is often condemned as escapist unsophisticated and superficial This collection of new essays puts such easy dismissals to the test by examining the ways in which Fantasy narratives present diverse politically relevant discourses gender race religion or consumerism and thereby serve as indicators of their real world contexts Through their depiction of other worlds allegedly disconnected from our own these texts are able to actualize political attitudes Instead of categorizing Fantasy either as conservative or progressive the essays suggest that its generic peculiarity allows the emergence of productive forms of oscillation between these extremes Covered are J R R Tolkien s The Lord of the Rings George R R Martin s A Song of Ice and Fire sequence J K Rowling s Harry Potter novels the vampire TV series True Blood and the dystopian computer game Fallout 3

**(Routledge Revivals)** Coral Ann Howells,2014-08-07 First published in 1987 this is an introductory study of the most widely read Canadian women novelists of the 1970s and 1980s At its centre lies the question of how the search for a distinctive cultural identity relates to the need for a national cultural identity in the post colonial era Coral Ann Howells argues that Canadian women s fiction throughout the period of study represents how the Canadian cultural identity exceeds its geographical limits and those traditional structures of patriarchal authority need revision if women s alternative views are to be taken into account Including short biographical sketches and a complete list of the books published by the authors under discussion writers examined include Margaret Atwood Alice Munro and Margaret Laurence
