Sell One Thing A

Thousand Times: The System That Prints Daily Revenue Sybex Books, 2025-06-24 You don't need more offers. You need one that works over and over again. Sell One Thing A Thousand Times is a focused, results-driven guide to creating one powerful offer, building a system to sell it consistently, and scaling that single product into a daily revenue machine. Too many entrepreneurs burn out chasing variety. But real scale lives in simplicity. Design one solution that delivers. Build one funnel that converts. Create one content loop that feeds into it. Then refine until it runs like clockwork. Stop launching in circles. Stop rebuilding your business every quarter. And stop complicating what could be repeatable. When you build your business around one profitable, proven, and positioned offer, everything gets easier. Your message sharpens. Your audience grows faster. And your income becomes predictable. This is how small businesses grow quietly into powerful brands. Not by doing more. But by selling one thing really, really well.

Network Architecture and Design J. F. DiMarzio, 2001 Network Architecture and Design takes readers through every phase of a new project from client meetings, site surveys, data collection, and interpretation, documentation, to actually designing and implementing the network according to spec. The discussion includes an overview of LAN and WAN topologies, coverage of NOS (Novell Operating System) integration of the client operating system, this 50% of network architecture is often overlooked in similar titles. Protocols, Connectivity, Devices, Implementing Remote Access, Security, Internet connectivity, Network Monitoring. In addition, the author has prepared a sample of client documentation, a glossary of terms, and a trouble shooting quick reference guide.
