Der Same Seths Der Same Seths:

Der Same Seths Gesine Schenke Robinson, Gesa Schenke, Uwe-Karsten Plisch, 2012-06-08 During a lifetime of scholarship and teaching Hans Martin Schenke produced a large number of publications in the fields of New Testament Gnosticism and Coptology This collection of his essays and book reviews bears witness to his love for the linguistic aspects of Coptology and illustrates his wide ranging interest in the development of early Christianity His insights and deep understanding of Gnostic beliefs and systems as a background for interpreting the New Testament make his contributions to this discipline very rewarding and indispensable reading Im Laufe seines langen wissenschaftlichen Lebens hat Hans Martin Schenke eine Fülle von Veröffentlichungen in den Bereichen Neues Testament Gnosisforschung und Koptologie hervorgebracht Die hier vorliegende Sammlung seiner Aufsätze und Rezensionen bekundet den Reichtum seines Schaffens Sie zeugt von seiner Liebe zur koptischen Linguistik und veranschaulicht die Spannweite seines Interesses an der Entwicklung des frühen Christentums Seine tiefen Kenntnisse gnostischer Vorstellungen und Systeme als Hintergrund für das Verständnis des Neuen Testaments lässt seine Beiträge zu einer unentbehrlichen Fundgrube und seine Einsichten zu einem lohnenden Lesevergnügen werden

Christen und Sethianer: Ein Beitrag zur Diskussion um den religionsgeschichtlichen und den kirchengeschichtlichen Begriff der Gnosis Herbert Schmid, 2017-11-01 In *Christen und Sethianer Ein Beitrag zur Diskussion um den religionsgeschichtlichen und den kirchengeschichtlichen Begriff der Gnosis* versucht Herbert Schmid zu zeigen dass es vermutlich keine Vorform der Gnosis an den Rändern des antiken Judentums gegeben hat Sowohl Schenkes Sethianismus als auch der Valentinianismus und andere frühe Ausprägungen der Gnosis sind vermutlich als frühe Versuche christlicher Theologie zu begreifen In diesem Zusammenhang erweist sich der Begriff Gnosis als eine durchaus brauchbare Kategorie um antike Religionsgeschichte zu beschreiben In *Christen und Sethianer Ein Beitrag zur Diskussion um den religionsgeschichtlichen und den kirchengeschichtlichen Begriff der Gnosis* Herbert Schmid argues that there are no hints for a more primitive and independent form of Gnosticism which developed on the fringes of ancient Judaism Not only the Valentinian school but also Hans Martin Schenkes Sethianism and other early manifestations of Gnosis are probably best understood as early attempts to phrase Christian theology In this context the term Gnosticism is a useful category to describe ancient religious history

Before Valentinus: The Gnostics of Irenaeus Einar Thomassen, 2023-08-21 This book offers the first detailed commentary on the Gnostic treatises reported by Irenaeus in *Adversus Haereses* 1.29-30 It is argued that these texts represent the earliest tangible layer of the Gnostic literary tradition and served as sources for the *Apocryphon of John* and other later works They also formed the starting point for Valentinus and his followers who sought to reconcile the ideas of the Gnostics with apostolic Christianity The book also shows that Irenaeus and later heresiologists referred to the Gnostics as a specific group among the great mass of heretics

The Coherence of "Gnosticism" Einar Thomassen, 2020-11-23 Gnosticism has become a problematic category in the study of early Christianity It obscures diversity invites essentialist

generalisations and is a legacy of ancient heresiology However simply to conclude with diversity is unsatisfying and new efforts to discern coherence and to synthesise need to be made The present work seeks to make a fresh start by concentrating on Irenaeus report on a specific group called the Gnostics and on his claim that Valentinus and his followers were inspired by their ideas Following this lead an attempt is made to trace the continuity of ideas from this group to Valentinianism The study concludes that there is more continuity than has previously been recognised Irenaeus Gnostics emerge as the predecessors not only of Valentinianism but also of Sethianism They represent an early philosophically inspired form of Christ religion that arose independently of the New Testament canon Christology is essential and provides the basis for the myth of Sophia The book is relevant for all students of Christian origins and the early history of the Church
