## Derek Robertsons Living Landscapes:

Derek Robertson's Living Landscapes Derek Robertson,2015      Colourworks Susan Harrow,2020-12-10 How do modern writers write colour How do today s readers respond to the invitation to think colour as they read poetry and art writing and explore paintings To what extent can critical thought on colour in visual media illuminate the textual life of colour These are some of the lines of enquiry pursued in this bold new study of modern poetry and art writing in French where colour Susan Harrow argues is integral to the exploration of ethics ekphrasis objects bodies landscape and interiority The question of colour in a variety of disciplines and media has provoked debate from Aristotle to Goethe and from Baudelaire to Derek Jarman If the past twenty years have witnessed a colour turn in contemporary cultural studies and screen research colour values in literary and textual media are often elided or simply overlooked Colourworks tackles this lacuna in the study of modern poetry and art writing in French revealing the integral role of colour in the work of three iconic French writers in the modern tradition St phane Mallarm Paul Val ry and Yves Bonnefoy This book spans the broad modern period from the 1860s to the early twenty first century in taking an exploratory approach to the visuality of the verbal medium through an adventurous reading of text and image Harrow uncovers how colour moves and morphs in texts as it challenges the traditionalist containments of chromatic symbolism Beyond its primary area of investigation in modern poetry and art writing in French this richly colour illustrated study has significant interdisciplinary implications conceptual methodological and practical for the study of visuality in humanities research from literature studies to material and visual culture studies
