Design Elements 2nd Edition Design Elements 2nd Edition:

Design Elements, 2nd Edition Timothy Samara, 2014-04-01 This updated version of Rockport's bestselling Design Elements offers expanded and updated content in a new cleaner format for easier navigation. Author Timothy Samara has added more than 50 new diagrams and more than 100 new images of real world projects with an increased emphasis on web and environmental design projects. The 20 Rules for Good Design has been revisited and expanded to 25 Rules. The book covers all the design fundamentals from working with grids, color application, typography, imagery, and how to put it all together. **DIV** Expansion and new material includes **divDIV** **divDIV** Composition layout visual hierarchy **divDIV** Form and composition in relation to concepts and meaning **divDIV** Color psychology and narrative **divDIV** Color coding **divDIV** Reference palettes for time periods, cultures, and businesses **divDIV** Special color and printing techniques **divDIV** Combining type styles editorial text setting issues plus **divDIV** Web related type style and hierarchy issues **divDIV** Strategies for using photography design drawing medium and meaning pictorial and non pictorial image making options semiotics symbolic and metaphorical image use type as image **divDIV** Making type and imagery work better together **divDIV** Finding flexibility in design systems **divDIV** The design process from creative concept development and practical work flow standpoints **divDIV** Plus a complete project case study with major decision moments keyed to respective sections **divDIV** Being a creative designer is often about coming up with unique design solutions. Unfortunately, when the basic rules of design are ignored in an effort to be distinctive, design becomes useless. In language, a departure from the rules is only appreciated as great literature if recognition of the rules underlies the text. Graphic design is a visual language and brilliance is recognized in designers whose work seems to break all the rules yet communicates its messages clearly. **divDIV** This book is a fun and accessible handbook that presents the fundamentals of design in lists, tips, brief text, and examples. Chapters include Graphic Design What It Is What Are They and What Do They Do 20 Basic Rules of Good Design Form and Space The Basics Color Fundamentals Choosing and Using Type The World of Imagery Putting it All Together Essential Layout Concepts The Right Design Choices 20 Reminders for Working Designers and Breaking the Rules When and Why to Challenge all the Rules of this Book **div** *The Elements of Graphic Design* Alex W. White, 2011-03-15 This very popular design book has been wholly revised and expanded to feature a new dimension of inspiring and counterintuitive ideas to thinking about graphic design relationships. *The Elements of Graphic Design* Second Edition is now in full color in a larger 8 x 10 inch trim size and contains 40 percent more content and over 750 images to enhance and better clarify the concepts in this thought provoking resource. The second edition also includes a new section on web design and new discussions of modularity, framing, motion, and time, rules of randomness, and numerous quotes supported by images and biographies. This pioneering work provides designers, art directors, and students regardless of experience with a unique approach to successful design. Veteran designer and educator Alex W. White has assembled a wealth of information and examples in his exploration of what makes visual design stunning.

and easy to read Readers will discover White's four elements of graphic design including how to define and reveal dominant images words and concepts use scale color and position to guide the viewer through levels of importance employ white space as a significant component of design and not merely as background and use display and text type for maximum comprehension and value to the reader Offering a new way to think about and use the four design elements this book is certain to inspire better design Allworth Press an imprint of Skyhorse Publishing publishes a broad range of books on the visual and performing arts with emphasis on the business of art Our titles cover subjects such as graphic design theater branding fine art photography interior design writing acting film how to start careers business and legal forms business practices and more While we don't aspire to publish a New York Times bestseller or a national bestseller we are deeply committed to quality books that help creative professionals succeed and thrive We often publish in areas overlooked by other publishers and welcome the author whose expertise can help our audience of readers
