be helpful and too hollow to be the whole truth Filled with interviews from leading fintech entrepreneurs this book strives to tell the whole truth about building new things It shares the stories of leaders who admit that as they built their businesses they learned a lot changed a lot and made mistakes and had to course correct The book attests that leading new fintech ventures or digital transformations whether they are started with a blank sheet of paper or within an established entity is hard and unpredictable It requires control It requires consistency and integrity It requires standing strong either alone or with a team It requires going beyond resilience *The Gender Pay Gap* Fatma Abdel-Raouf,Patricia M.
