Capital One Locations:

Redesigning Work Graham Lowe, Frank Graves, 2016-01-01 Canada's future prosperity is of utmost concern to citizens, industry leaders and policy makers. Using original public opinion research from EKOS, *Redesigning Work* argues that improving people's jobs and workplaces can unlock the potential to strengthen Canada's economy and improve the well-being of Canadians. Graham Lowe and Frank Graves are two of Canada's leading experts on work and public opinion. In *Redesigning Work*, the authors provide a blueprint for the future of work in Canada by identifying practical ways to make work more motivating, rewarding and productive. The authors provide fuel for employers, workers, policy makers, HR professionals and NGOs to combat the negative trends many Canadians associate with their future economic prospects. The book paints an optimistic picture of the future of work by addressing job stress, work-life balance, skill use and engagement. White House Inc. Dan Alexander, 2020-09-22 An in-depth investigation into Donald Trump's business and how he used America's top job to service it. *White House Inc.* is a newsmaking exposé that details President Trump's efforts to make money off of politics, taking us inside his exclusive clubs, luxury hotels, overseas partnerships, commercial properties and personal mansions. Alexander tracks hundreds of millions of dollars flowing freely between big businesses and President Trump. He explains in plain language how Trump tried to translate power into profit from the 2016 campaign to the ramp up to the 2020 campaign. Just because you turn the presidency into a business doesn't necessarily mean you turn it into a good business. After Trump won, the White House profits plunged at certain properties like the Doral golf resort in Miami. But the presidency also opened up new opportunities. Trump's commercial and residential property portfolio morphed into a one-of-a-kind marketplace through which anyone anywhere could pay the president of the United States. Hundreds of customers, including foreign governments, big businesses and individual investors, obliged. The president's disregard for norms sparked a trickle-down ethics crisis with no precedent in modern American history. Trump appointed an inner circle of centimillionaires and billionaires, including Ivanka Trump, Jared Kushner, Wilbur Ross and Carl Icahn, who came with their own conflict-ridden portfolios. Following the president's lead, they trampled barriers meant to separate their financial holdings from their government roles. *White House Inc.* is a page-turning hair-raising investigation into Trump and his team who corrupted the U.S. presidency and managed to avoid accountability. Until now. **Vault/Inroads Guide to Diversity Internship, Co-op and Entry-level Programs**, 2005 For minority law students or attorneys, no factor is more important in deciding where to work than the quality of a firm's diversity program.
