

Todd P. Olson, *Caravaggio's Pifful Relics*, Yale University Press, New Haven and London, 2014, 260 pages, hardback, ISBN: 9780300190137, \$65.00

What more could there possibly be to say about the artist known as 'Caravaggio'? Art history's love affair with the artist since the middle of the twentieth century has generated an inundation of scholarship and commentary, not all of it written by art historians. This has ranged from sensationalist interpretations based on biographical speculation, to psychoanalytic readings of decapitation and castration and postmodern academic manoeuvres. While the diverse methodologies that have been enlisted to interpret Caravaggio's work have yielded productive insights, the lament has been that there has been too much of too little quality. For example, much criticism has perpetuated a mythologizing construction of Caravaggio, framing the artist as something of an 'enfant terrible' of early modern painting. Others have rested heavily on reading his work through binaries of 'sacred' and 'profane', or 'idealism' and 'naturalism'. These categories have been problematic in so far as they have overdetermined Caravaggio's work as the expression of the visual politics of the Counter-Reformation and or stylistic binaries used to categorise painting in Rome around 1600.

But it seems that the conversation between art history and Caravaggio is far from over. Todd Olson's long awaited monograph from Yale University Press has arrived in another flurry of published scholarship on the artist, alongside the critical anthology *Caravaggio: Reflections and Refractions* edited by Lorenzo Pericolo and David M. Stone, also released in autumn 2014.

Olson, Associate Professor of Art History at the University of California Berkeley is author of *Poussin and France: Painting Humanism and the Politics of Style* (Yale University Press, 2002), and is familiar for introducing new perspectives to the field of Caravaggio studies; for example by framing the artist's work within the contextual material practices of archaeology and medical anatomy of the late sixteenth and early seventeenth centuries. His approach in *Caravaggio's Pifful Relics* reflects a continuation of both this interest and the scholarly turn that has brought renewed focus to issues of materiality in art history and across the humanities. Olson posits Caravaggio's immediate environment - Rome c. 1600 - as a symbolic and material site, characterised by dirt, bones, blood-smeared relics, cadavers, and dilapidated ruins. It is from this environment of decaying matter that the book takes its title:

## Caravaggios Pitiful Relics:

**Caravaggio's Pitiful Relics** Todd Olson,2014 The renowned Italian painter Michelangelo Merisi da Caravaggio 1571 1610 established his career in Catholic Rome making paintings that placed particular importance on sacred relics and the glorification of martyred saints Beginning with his early works Caravaggio was intensely engaged with the physical world He not only interrogated appearances but also experimented with the paint s material nature Caravaggio s Pitiful Relics explores how the artist s commitment to materiality served and ultimately challenged the Counter Reformation church s interests In his first ecclesiastical commission Caravaggio offered an unconventional representation of martyrdom that collapsed the borders between art contemporary religious persecution iconoclasm and relics in early Christian catacombs Yet his art controversially and eventually led to a criminal trial After he had fled from Rome in disgrace his major altarpiece depicting the death of the Virgin Mary portraying her mortality rather than her sanctity was removed Caravaggio s materiality came into conflict with changing notions of the sacred thereafter the sacred object became a secular work of art marking the displacement of the relic Pitiful Relics Todd Olson,2002 Caravaggio Michelangelo Merisi da Caravaggio,2006 This volume considers Caravaggio s revolutionary realism from a range of perspectives presenting new avenues for research by a plurality of leading scholars First it advances our understanding of Caravaggio s relationship with the new science of observation championed by Galileo Second it examines afresh the theoretical nature and artistic means of Caravaggio s seemingly direct realism Third it extends the horizons of research on Caravaggio s complex intellectual and social milieu between high and low cultures Genevieve Warwick is Senior Lecturer in the Art History department at the University of Glasgow An Artful Relic Andrew R. Casper,2021-09-09 Winner of the 2022 Roland H Bainton Book Prize from the Sixteenth Century Society Conference In 1578 a fourteen foot linen sheet bearing the faint bloodstained imprint of a human corpse was presented to tens of thousands of worshippers in Turin Italy as one of the original shrouds used to prepare Jesus Christ s body for entombment From that year into the next century the Shroud of Turin emerged as Christianity s preeminent religious artifact In an unprecedented new look Andrew R Casper sheds new light on one of the world s most famous and controversial religious objects Since the early twentieth century scores of scientists and forensic investigators have attributed the Shroud s mysterious images to painterly natural or even supernatural forces Casper however shows that this modern opposition of artifice and authenticity does not align with the cloth s historical conception as an object of religious devotion Examining the period of the Shroud s most enthusiastic following from the late 1500s through the 1600s he reveals how it came to be considered an artful relic a divine painting attributed to God s artistry that contains traces of Christ s body Through probing analyses of materials created to perpetuate the Shroud s cult following including devotional historical and theological treatises as well as printed and painted reproductions Casper uncovers historicized connections to late Renaissance and Baroque artistic cultures that frame an understanding of the Shroud s bloodied corporeal impressions as an

alloy of material authenticity and divine artifice This groundbreaking book introduces rich new material about the Shroud s emergence as a sacred artifact It will appeal to art historians specializing in religious and material studies historians of religion and to general readers interested in the Shroud of Turin *Caravaggio and the Creation of Modernity* Troy Thomas,2016-10-15 Now in paperback an accessible and beautifully illustrated account of Caravaggio as a catalyst for modernity Undeniably one of the greatest artists of all time Michelangelo Merisi da Caravaggio would develop a radically new kind of psychologically expressive realistic art and in the sixteenth and seventeenth centuries would lay the foundations for modern painting His paintings defied tradition to such a degree that the meaning of his works has divided critics and viewers for centuries In this original study Troy Thomas examines Caravaggio s life and art in relationship to the profound beginnings of modernity exploring the many conventions that Caravaggio utterly dismantled with his extraordinary genius Thomas begins with an in depth look at Caravaggio s early life and works and examines how he refined his realism developed his obsession with darkness and light and began to find the subtle and clever ambiguity of genre and meaning that would become his trademark Focusing acutely on the inherent tensions contradictions and ambiguities within Caravaggio s paintings Thomas goes on to examine his mature religious works and the ways he created a powerful but stark and enigmatic expressiveness in his protagonists Lastly he delves into the artist s final hectic years as a fugitive killer evading papal police and wandering the cities of southern Italy Richly illustrated in color throughout *Caravaggio and the Creation of Modernity* will appeal to all of those fascinated by the history of art and the remarkable lives of Renaissance masters *Caravaggio* Lilian H. Zirpolo,2023-04-05 Michelangelo Merisi da Caravaggio s life was turbulent and short He was only in his late thirties when he died and yet he managed to achieve tremendous artistic success A native of Caravaggio near Milan he was born in 1571 and moved to Rome after training with Simone Peterzano a pupil of Titian In the papal city his talent was recognized by the influential collector and art connoisseur Cardinal Francesco Maria del Monte who promoted his art Within a few years Caravaggio became one of the most sought after painters in Italy and abroad His style was so striking and unique that artists from all over adopted it as their own *Caravaggio A Reference Guide to His Life and Works* focuses on his life his works and legacy It features a chronology an introduction offers a brief account of his life a cross referenced dictionary section contains entries on his individual paintings public commissions his patrons his followers and the techniques he used in rendering his works *The Matter of Violence in Baroque Painting* Bogdan Cornea,2025-10-01 Baroque depictions of violence are often dismissed as over the top and excessive Their material richness and exciting visual complexity together with the visceral engagement they demand from beholders are usually explained in literature as reflecting the presumed violence of early modern society This book explores the intersection between materiality excess and violence in seventeenth century paintings through a close analysis of some of the most iconic works of the period Baroque paintings expose or reference their materiality by insisting on various physical changes wrought through violence This study approaches violence as the work of

materiality which has the potential to analogously stage pictorial surfaces as corporeal surfaces where paint becomes flayed flesh canvas threads ruptured skin and red paint spilt blood **Caravaggio** John T. Spike, Michèle K. Spike, 2010-04-06 Every extant work by Caravaggio is reproduced in color in this lavish newly updated volume the long awaited result of more than twenty years of research by a leading authority on the artist In an engaging and informed text John T Spike explores in detail Caravaggio's scandalous life and provocative work Placing Caravaggio within the broad panorama of society and ideas at the turn of the 17th century the author sets a richly detailed stage for an artist who has been called the first modern painter Caravaggio 1571-1610 reflected in his canvases his own desires and spiritual crises to an extent no one ever had imagined possible and he shocked his contemporaries by portraying the saints and virgins of Christianity with the faces and bodies of his companions and lovers in Rome's demimonde Accompanying the book is a critical catalog on CD ROM in which all of Caravaggio's extant paintings as well as lost and rejected works are thoroughly described Each entry specifies the work's medium dimensions location and provenance and provides an annotated bibliography of sources Most of the entries conclude with a brief technical analysis Much of this scientific data of prime importance for attribution and dating has not previously been published With its fresh insights as well as judicious readings of the documents and the physical evidence of the paintings themselves Caravaggio is the most thorough study on the artist to date and it will no doubt remain a definitive monograph for many years to come This revised edition includes a new preface and updated bibliography
