Chaos Creativity And Cosmic Consciousness:

Chaos, Creativity, and Cosmic Consciousness Rupert Sheldrake, Terence McKenna, Ralph Abraham, 2001-11-01 Three of the most original thinkers of our time explore issues that call into question our current views of reality morality and the nature of life A wide ranging investigation of the ecology of inner and outer space the role of chaos theory in the dynamics of human creation and the rediscovery of traditional wisdom In this book of trialogues the late psychedelic visionary and shamanologist Terence McKenna acclaimed biologist and originator of the morphogenetic fields theory Rupert Sheldrake and mathematician and chaos theory scientist Ralph Abraham explore the relationships between chaos and creativity and their connection to cosmic consciousness Their observations call into question our current views of reality morality and the nature of life in the universe The authors challenge the reader to the deepest levels of thought with wide ranging investigations of the ecology of inner and outer space the role of chaos in the dynamics of human creation and the resacralization of the world Among the provocative questions the authors raise are Is Armageddon a self fulfilling prophecy Are we humans the imaginers or the imagined Are the eternal laws of nature still evolving What is the connection between physical light and the light of consciousness Part ceremony part old fashioned intellectual discussion these trialogues are an invitation to a new understanding of what Jean Houston calls the dreamscapes of our everyday waking life

Strange Attractor Graham St John, 2025-10-07 An intellectual biography of one of the most celebrated and yet least understood figures of the late twentieth century Terence McKenna A stand up philosopher who made a unique contribution to science humanism and the hidden arts Terence McKenna 1946 2000 was the twentieth century s psychedelic Renaissance man Perfecting his rugged philosophy on the role of psychedelics in evolution consciousness and time McKenna was a riotous charmer who stalked the shadows but also sought the iridescence More than twenty years since his untimely passing McKenna has an enduring magnetism across the virtual pop stream in pervasive digitization and within social media networks In Strange Attractor the first biography of this enigmatic figure Graham St John detects the signal behind the noise This book is an engaging chronicle of the life works and legacy of this brazen adventurer of the inner and outer dimensions whose weird intelligence has affected multitudes and whose spirit continues to haunt the present It draws on original documents and letters features fifty two rare photographs and artworks and shares previously untold stories from over eighty people Neither glorifying nor disparaging its subject Strange Attractor will appeal to those interested in the evolution of a psychedelic intellectual and to those for whom McKenna s wisdom endures

CHAOS Inside the Revolutionary Mind of Mathematician Ralph Abraham **Integrated Intelligence** Marcus Anthony, 2008-01-01 Marcus Anthony examines theories of intelligence and consciousness and the way in which they represent or exclude intuitive spiritual and mystical experience His argument identifies the way narrowly defined rational definitions of mind have come to dominate and restrict contemporary discourses in science and education He develops the theory of integrated intelligence an expanded model which incorporates the non rational elements of human intelligence long missing in mainstream western discourses Anthony indicates how and why they should be incorporated into modern education systems **Suddenly Psychic** Maureen Caudill, 2006-11-03 As she bent a metal spoon with her mind computer scientist Maureen Caudill knew she was witnessing a total violation of the laws of physics and that her understanding of reality would never be the same Letting go of the ultra rational skeptical perspective she had maintained over a twenty year scientific career Caudill joined the 50% of Americans who report having had psychic experiences National Science Foundation 2000 and began a firsthand exploration of phenomena like clairvoyance remote viewing out of body experiences channeling and mediumship In Suddenly Psychic she shares her new conviction that paranormal abilities are a normal part of human consciousness and anyone can learn them using her scientific background to validate and explain her experiences Combining vivid descriptions of altered states of consciousness with an in depth look at cutting edge scientific theories that are consistent with these phenomena Suddenly Psychic is a reader friendly bridge between the mysteries of the mind and hard science that speaks to skeptics and believers alike Caudill s compelling journey offers convincing evidence for the legitimacy of psychic phenomena and will inspire you to see for yourself what s possible **Consciousness, Theatre, Literature and the Arts** Daniel Meyer-Dinkgräfe, 2006 In May 2005 the University of Wales Aberystwyth hosted the First International Conference on Consciousness Theatre Literature and the Arts 80 delegates from fourteen countries attended the conference This book collects 40 of the papers presented characteristic of the wide range of topics and disciplines represented at the conference **The Journal of the American Society for Psychical Research** , 2002 Journal of the American Society for Psychical Research American Society for Psychical Research, 2002 List of members in v 1 6 12

Healing with Art and Soul Kathy Luethje, 2009 This fascinating collection of essays contains a variety of perspectives about the use of expressive arts for facilitating physical and emotional healing Each author within brings a fresh approach and unique experiences to their writing Within these pages you will find many ideas for the use of the arts and can learn how to engage the inner layers of the self that allow natural healing processes of the body and soul to flourish When we fully engage an art modality we find ourselves in a place in our consciousness that could be called healingspace where we feel ourselves whole and re member ourselves as well From psychic trauma to physical illness dis ease of many kinds may be addressed through the various techniques discussed here The tools offered by some authors are population specific and age appropriate while several authors have given us the philosophical underpinnings for it all While the authors within represent

the grassroots voices of this new and rapidly expanding field several of them have developed their own methods for using the arts and have thriving practices Our approach is wholistic Music visual arts movement dance and poetry are discussed as separate modalities and in combination with one another in a process or flow The reader will engage in our experiences with these modalities as they have been lived The complementary CD that accompanies this book will allows the listener to have a full sound experience of toning If a rationale is needed for establishing arts programs in medical centers or other health facilities it can be found here The book offers tools for self development and for group facilitation Those wanting to expand their healing practice through the use of the arts will find the book to be a faithful guide Anyone wishing for a fuller understanding of how the arts may work to facilitate healing will find much food for thought within these pages
