This two volume collection based on an exhaustive study of the earliest editions brings together his ten plays and the small surviving body of non dramatic writing. Volume Two features two of Southerne's best known tragedies The Fatal Marriage and Oroonoko based on stories by Aphra Behn and the variants between the censored and uncensored texts of his political tragedy The Spartan Dame. In addition the introduction contains the first biography of Southerne based on a

comprehensive study of the surviving documentary records and the editors have incorporated generous notes to clarify the many contemporary allusions and to relate Southerne's work to its sources and models     **Study Guide [for] A World of Art** Henry M. Sayre, 2000
