Michael A. Susko,2023-12-21 This work explores a generational history from America s Colonial period to the United States of contemporary times A novel historical approach will rely on generational markers every 15th year rather than yearly astronomical dates This method will make history more accessible and its patterns more apparent Identified from cultures presented in an earlier volume the phasings are 1 Invisible Beginnings 2 Establishment and Testing 3 Novel Consolidation and Opening Up 4 Crisis and Creativity 5 Empire and Inclusion and 6 Rigidification or Renewal This history does not seek to hide or obscure the shadow side of America nor does it fail to present beauty and light especially during the 30s generational phase One discovery prompted by this generational time chart was to more fully consider the importance of New Spain in understanding U S history A second and related theme is inclusion of the Indigenous whose influence extends to all phases of American history Come journey with us and experience historical events and people s lives generation by generation and see how they fit into historical phases Such an awareness the author contends will help us to make the generational choice of our times

### **The Birth and Unfolding of Phases in History**

Michael A. Susko,2025-09-10 The Birth and Unfolding of Phases in History From Neolithic to World Pueblo and U S History brings together four major works into a single arc of human time Michael A Susko argues that the rhythm of history is not confined to the rise of empires but begins in the Neolithic with triadic 45 year generations that set the first phases of historical time in motion Using this framework the book explores Neolithic atalh y k as a non empire model of symbolic and generational phasing This Initial work is in progress World history through Egypt Judah Israel Rome and the Medieval Modern era contrasting empire based and prophetic alternatives Ancestral Pueblo history as a more egalitarian path outside empire s mold U S history as a largely empire driven model tempered by ideals of freedom and equality This panoramic view balances empire and non empire trajectories showing how civilizations universalize their visions either through force or through sharing covenant and inclusion Written in accessible language yet grounded in rigorous patterning it invites readers to see history not as inevitable empire but as a set of choices that continue to shape our present and future
