

Grade conversion for AP Chemistry

In order to translate the grade on an AP style exam to a percentage grade that goes into the grade book, I used the 2008 AP Chemistry Exam AP Score Conversion Chart. The chart is given below:

AP Score Conversion Chart	
Composite Score Range	AP Score
100 – 150	5
81 – 99	4
62 – 80	3
49 – 61	2
0 – 48	1

I wanted to translate the grades according to the following conversion:

AP Grade	Percent Grade
5	90+
4	80s
3	70s
2	60s

Using that conversion table above, I graphed the points from the AP Score Conversion Chart as the x-axis and the desired percentage grade book grade as the y-axis. I also added three additional points by taking the midpoints of the AP Scores of 4, 3 and 2 to give a total of seven points. The final chart is below.

AP Score	Points from AP Score Conversion Chart	Percentage of AP Exam points	Percent grade in grade book
5	100	66.67%	90%
4	91	60.67%	85%
4	81	54.00%	80%
3	72	48.00%	75%
3	62	41.33%	70%
2	56	37.33%	65%
2	49	32.67%	60%
