Christian Doctrine, Revised Edition Shirley C. Guthrie Jr., 1994-07-01 Christian Doctrine has introduced thousands of lay students and theologians to the tenets of the Christian faith. This edition reflects changes in the church and society since the publication of the first edition and takes into account new works in Reformed theology, gender references in the Bible, racism, pluralism, ecological developments, and liberation theologies. [Understanding Christian Doctrine](#) Ian S.

Markham, 2017-03-16 The comprehensive and engaging introduction to contemporary Christianity revised and updated. The second edition of Understanding Christian Doctrine presents a completely updated and revised edition that builds on the most popular features of the first edition to offer a lively overview to the central beliefs of Christianity. Ian S. Markham, a noted authority of Christianity, discusses the great thinkers of the Christian tradition and puts them in conversation with contemporary progressive theologies in a book that goes from Augustine, Aquinas, and Luther to Liberationist, Feminist, and Queer theologies. Designed to be a basic primer, the text is written in a manner that assumes the reader has no prior knowledge of theology or Christian doctrine. The book is designed to present the basic options in all the key areas of Christianity as well as information on how to make complex theological decisions. The author tackles all the key questions from creation to eschatology. Furthermore, Markham makes his own distinctive contribution: he argues that theodicy, traditionally seen as a major difficulty with belief, is actually a theme that links many aspects of Christian doctrine. The revised second edition includes a wealth of new information, including: A lively and comprehensive introduction to Christianity that assumes no prior knowledge of the faith; An overview to the great thinkers of Christian tradition that puts them in conversation with progressive liberationist theologies; Suggestions that help even the most skeptical to learn to understand and possibly embrace theological assertions; Breakout boxes that explain the significance of the text's various philosophical ideas and positions. The text is ideal for anyone interested in learning about the foundations of Christianity as well as new ideas about the faith. Christianity is presented in a manner that embraces the richness of the tradition and affirms the central claims of the historical creeds while engaging with liberationist challenges to the tradition. Bryden Black,2018-12-14 How might the formal Christian doctrine of the Trinity make a real concrete difference in the lives of individuals and in the life of the church This book proposes there are two parts to answering this important but elusive question In the first place how on earth did the Early Church actually reach its conclusions about this understanding of God and why What s the real point behind their endeavors How might we apprehend what is otherwise sheer mystification or even nonsense in some people s minds Arising out of the answers to such questions we can secondly construct an appropriately simple model of the Trinity By means of this model we can understand with sufficient justice the ways the triune God has come among us in our human history ways that are still ongoing today For the proposed model allows us to begin to appreciate the true mystery of the Christian Faith while also making a practical difference to the lives of Christian discipleship in prayer worship and mission **Christian Doctrine in the Light of New Testament Revision** Alexander Gordon,1882 **A Catechism of Christian Doctrine** ,1941 **A System of Christian Doctrine** Isaak August Dorner,1890 *The Christian Doctrine of Sin* Julius Müller,1877 Christian Theology Millard J.
