## **Christian Ethics In A Postmodern World:**

Christian Ethics in a Postmodern World James P. Eckman,1999-10-01      **Choosing the Good** Dennis P.

Hollinger,2002-09 An intelligent discussion of the foundations and methods in ethics and ways to apply a Christian worldview to our secular culture      *From Human to Posthuman* Brent Waters,2006-01-01 In this volume the author critically examines and assesses the influence of technology on the formation of contemporary culture from the standpoint of Christian

theological ethics      Paul Ramsey's Ethics Michael McKenzie,2001 This book examines the moral philosophy of Paul Ramsey one of the 20th century s most influential ethicists from a theological perspective illustrating that religion can still play a substantial role in our ongoing moral inquiries Ramsey wrote prodigiously on ethical issues including politics medical research the Vietnam war and nuclear proliferation His ethical theory which concentrates on divine love or agape as well as justice and order provides a middle ground between fundamentalism and secularism Therefore Ramsey s ethics will appeal to the 21st century social conscience McKenzie grounds his theological exploration in a comprehensive history of the theological and philosophical influences on Ramsey s thought including Jonathan Edwards theory of natural morality He also explores a multidisciplinary selection of Ramsey s writings In conclusion McKenzie argues that Ramsey s natural law theory will continue to have significant and increasing relevance for morality in the postmodern world This is the most thorough study of Paul Ramsey s work as well as a significant contribution to philosophy and theology      *The Matrix of Christian Ethics* Patrick Nullens,Ronald T. Michener,2010-08-10 Patrick Nullens and Ronald T Michener seek to revitalize Christian ethics through an integrative approach to classical ethics Their matrix of consequential principle virtue and value ethics provides an alternative to postmodern situation ethics and brings the framework of biblical wisdom to bear on contemporary ethical questions

Fiensy,George F. Pickens,2010-04-01 Do not conform any longer to the pattern of this world but be transformed by the renewing of your mind Then you will be able to test and approve what God s will is his good pleasing and perfect will Romans 12 2 NIV What are your goals in life What goals should you pursue in your life Every day you make decisions concerning moral issues Moral

evaluation implies that there is a standard of judgment Christian ethics is the study of how we live a life that conforms to the will of God When we look at life from a biblical perspective our goals actions and standards should be the result of asking the question What is God calling me to do and be Christian Ethics takes a fresh look at a multitude of ethical issues through the lens of God s Word This important new resource will help provide guidance into knowing God s will for your life Contributors are in alphabetical order Dr Lee Camp David Lipscomb University Dr Larry Chouinard Kentucky Christian College Dr James Estep Lincoln Christian Seminary Dr David Fiensy Kentucky Christian College Dr Gary Hall Lincoln Christian College Dr John Mark Hicks David Lipscomb University Dr Ronald Highfield Pepperdine University Dr Robert Hull Lincoln Christian College Dr Leonard Knight Kentucky Christian College Dr Mark Krause Puget Sound Christian College Dr Gregory Linton Great Lakes Christian College Dr Rick Marrs Pepperdine University Margaret McLaughlin MSW CSW Kentucky CC Dr David Musick University of Pennsylvania Dr George Pickens Kentucky Christian College Dr Paul Prill David Lipscomb University Dr Gregory Rutecki Evanston Hospital Gail Wise RN Kentucky Christian College     A Textbook of Christian Ethics, 3rd Edition Robin Gill,2006-09-14 Robin Gill s Textbook of Christian Ethics has been a popular course book with students and lecturers for over 20 years Now in its third edition this classic textbook has been completely revised to bring it up to date with recent developments in the field of Christian Ethics All the popular features of the previous editions have been retained in this new edition The book s main strength has always been its layout and structure Integrating primary texts with explanatory material from the author the book provides the student with a reader and textbook combined The new edition focuses more strongly on current debates in all sections and expands on a variety of topics with contributions on natural law approaches virtue ethics in a pluralistic postmodern world the influential notion of the common good just war theory genetics and biotechnology euthanasia and global justice and sex and gender issues Important modern contributions to Christian ethics are set out alongside classical texts from Augustine Aquinas and Luther The modern writers range from thinkers such as Niebuhr Barth and Bonhoeffer to recent liberation and Third World theologians Each series of texts is systematically analysed The differing ethical positions and arguments are examined together with the social and historical factors which shaped them     **Person and Good** Janez Juhant,Bojan Žalec,2006 From the old times on doubtless ethics presents an important part of philosophy mainly as guidance for solving practical problems In the times of big social changes the ethical questions arise anew The current times of scientific and technological radical changes of globalization and instability demand up to date ethical discussion and answers According to all the differences in the world which occur because of the media and technological capabilities present in the consciousness of ordinary people one should ask himself how to find the directions of the action and activity of an individual of people of humanity And as a result of the rapid development of scientific and technological power the things are becoming more and more complicated and potentially dangerous What was in the past solved only by God and by the nature itself it is today also essentially influenced by humans themselves Hence the ethics and

morality are far more important as they used to be and they concern the survival of humanity as such However the authors in this book have been trying to face these problems [Christian Wholism](#) John B. Wong,2002 In this stimulating work Dr Wong propounds Christian Wholism as a path to peace and joy as well as healing for our brokenness and lostness in the postmodern world Wong discusses what it means to be whole in our spiritual intellectual physical ethical psychological and other domains of our multidimensional personhood Some practical suggestions are offered He voices a hope in God s promise of a resurrected body as the gift of ultimate wholeness [Christian Ethics](#) Russell A. Morris,2015-08-14 Within the Christian community at large there is often little correlation between scriptural guidelines for Christian living and the lifestyle practices and behavior of believers Christian social scientist George Barna has done extensive research in this area that reveals alarming data For example nearly nine of ten adults state that religious faith is very important in their lives However only one in five adults claims that the Bible is the dominant influence in their decisions regarding lifestyle practices Further research suggests that there is often little difference between the lifestyle practices of Christians and non Christians This nominal difference in lifestyle practices and behavior between Christians and non Christians as well as the minimal correlation between Scripture and practice among many Christians produced an interest in this area of practical theology Serving as a Christian pastor over the past two decades the reality of Barnas research has been observed personally The biblical parallel of the prevailing apathy within todays churches is seen in Judges 21 25 NASB In those days there was no king in Israel everyone did what was right in his own eyes That is in those days there was no accepted standard of truth Likewise only one in four American adults believes in the existence of absolute truth As a result the relationship between doctrine and practice belief and behavior is often minimal with many Christians doing only what is right in their own eyes rather than allowing Gods Word to influence their mode of living A distinct relationship between belief and behavior is seen in I Timothy 4 16 In this passage Paul clearly identifies a correlation between what one believes doctrine and the lifestyle behavior one lives when he writes Watch your life and doctrine closely Persevere in them because if you do you will save both yourself and your hearers From this verse it is clear that there are two areas in the life of the Christian that need to be scrutinized and pursued namely belief and behavior The fundamental thesis of this book is that a deeper understanding of Christian ethics will inform and facilitate the Christian life [A Conspiracy of Love](#) Kurt Struckmeyer,2016-02-05 Before there were worshippers of Jesus there were followers of Jesus Before there were organized churches with creeds and doctrines there were small communities of love equality and sharing dedicated to the practice of Jesus teachings and committed to a wholly new way of living Today the churches of the Global North are in decline and younger generations no longer seek meaning there Traditional church Christianity is gradually giving way to some new way of faithful living From a Nazi prison cell German pastor Dietrich Bonhoeffer imagined a future religionless Christianity consisting of contemplative prayer and righteous action in the secular world A Conspiracy of Love presents the contours of such a faith based on the way

of Jesus It calls us to become troublemakers revolutionaries seekers of change and agents of transformation engaged in conspiracies of love to establish justice and peace in a postmodern world It offers many different people those who remain in the church those who have left and those who have never ventured near with a life of faith that is meaningful intelligent and passionate

**Ministerial Ethics in the 21St Century** Antwon C. Lewis PhD,2019-02-23

What are Christian ethics A Christian s ethics should originate within the boundaries of Christianity and likewise the sole basis for ethical practices and behaviors should be built upon the theological threshold of God the Lordship of Christ his Son and the hope of glory in habituating the new kingdom Ministerial Ethics in the 21st Century answers fundamental questions about Christian ethics explaining what it means to be ethical in ministry Author Antwon C Lewis also helps us understand what constitutes a healthy character and what role discernment plays in various ethical situations Christian leaders will especially benefit from this study as they can have their moral principles be influenced by scriptural standards and not determine right or wrong based on their own value system A crisis in today s society does indeed exist and our present world is challenged with a need for ministerial ethics Therefore thorough research and investigation are needed and Ministerial Ethics in the 21st Century will help ameliorate continued hypocrisy and poor ministerial integrity in the church

**Theological Ethics and Global Dynamics** William Schweiker,2008-04-15

The nature of ethics has been the

subject of much controversy and argument in recent decades Theological Ethics and Global Dynamics tackles these various debates offering a wide ranging comprehensive and provocative statement of the nature of theological ethics in global times Offers an accessible lively and provocative statement of the nature of moral philosophy and theological ethics in contemporary times Tackles various perspectives on debates about distinctly Christian ethics Argues that we need to reframe the arena in which moral questions are asked Engages a range of positions exploring distinctively modern issues such as moral and cultural relativism globalization problems of consumption and violence and religious pluralism Addresses the complexity of certain ethical decisions which are difficult and far from clear cut and yet presents an ethical understanding which is both humane and deeply religious *Plurality and Christian Ethics* Ian S. Markham, 1994-03-24 Too many parts of the world testify to the difficulties religions have in tolerating each other It is often concluded that the only way tolerance and plurality can be protected is to keep religion out of the public sphere Ian Markham challenges this secularist argument In the first half of the book he advances a careful critique of European culture which exposes the problem of plurality His analysis of the Christendom Group is contrasted with the outlook found in the USA where a religiously informed culture may be seen to be tolerant In the second half of the book the author argues that plurality is better safeguarded by a theistic rather than a secularist foundation He submits that too often secularists use relativist arguments while theists want to appeal to the complexity of God's world He concludes that in our post modern world the religious affirmation of diversity offers genuine political possibilities for cultural enrichment *African American Christian Ethics* Samuel K. Roberts, 2008-09-01 In African American Christian Ethics Samuel K. Roberts builds an ethic upon a Trinitarian foundation and explores scripture tradition human experience and reason as sources for such an ethic Using this framework he examines critical issues including human sexuality and family life medicine and bio ethics and the pursuit of justice **Explorations In Global Ethics** Sumner B Twiss, 2018-03-08 Inspired by the 1993 Parliament of the Worlds Religions this volume for the first time brings the scholarly discipline of comparative religious ethics into constructive collaboration with the community of interreligious dialogue The contributors draw from both communities of discourse in addressing questions of method and theory and global moral issues such as human rights distributive justice politics of war international business the environment and genocide in a cross cultural context Inspired by the 1993 Parliament of the Worlds Religions this volume for the first time brings the scholarly discipline of comparative religious ethics into constructive collaboration with the community of interreligious dialogue Its design is premised on two important insights First interreligious dialogue offers to comparative religious ethics a new more persuasive rationale agenda of issues and practical orientation Second comparative religious ethics offers to interreligious dialogue an arsenal of critical tools and methods which will enhance the sophistication of its practical work In this way both theory a dominant concern and strength of comparative religious ethics and praxis a dominant concern and strength of interreligious moral dialogue are joined together in mutual effort each contributing to the benefit of the other The volumes

contributors share this vision of collaboration drawing explicitly from both communities of discourse in a manner that crosses disciplinary and professional boundaries to deal creatively and constructively with important methodological and global moral issue Although theory and practice cannot easily be separated in such a collaborative project for the purpose of clarity the volume is divided into two main parts The first specifically engages questions of method theory and the social role of the public intellectual the second on substantive moral themes and issues many of which were raised at the 1993 Parliament Taken together the volumes essays articulate and illustrate new ways of approaching contemporary moral concerns cross culturally yet with a rigor appropriate to our complex and pluralistic world
