## **Christianity The First Three Thousand Years:**

*A History of Christianity* Diarmaid MacCulloch, 2009-09-24 Diarmaid MacCulloch's epic acclaimed history *A History of Christianity The First Three Thousand Years* follows the story of Christianity around the globe from ancient Palestine to contemporary China. How did an obscure personality cult come to be the world's biggest religion with a third of humanity its followers? This book, now the most comprehensive and up-to-date single volume work in English, describes not only the main facts, ideas, and personalities of Christian history, its organization and spirituality, but how it has changed politics, sex, and human society. Taking in wars, empires, reformers, apostles, sects, churches, and crusaders, Diarmaid MacCulloch shows how Christianity has brought humanity to the most terrible acts of cruelty and inspired its most sublime accomplishments. A stunning tour de force. Simon Sebag Montefiore, Sunday Telegraph Books of the Year. A landmark in its field, astonishing in its range, compulsively readable, full of insight. It will have few if any rivals in the English language. Rowan Williams, Archbishop of Canterbury, Guardian. A prodigious, thrilling masterclass of a history book. John Cornwell, Financial Times. Essential reading for those enthralled by Christianity and for those enraged by it. Melvyn Bragg, Observer Books of the Year. Magnificent, a sumptuous portrait alive with detail and generous in judgement. Richard Holloway, The Times. Diarmaid MacCulloch is Professor of the History of the Church at Oxford University. His *Thomas Cranmer* won the Whitbread Biography Prize, the James Tait Black Prize, and the Duff Cooper Prize. He is the author, most recently, of *Reformation Europe's House Divided 1490-1700*, which won the Wolfson Prize for History and the British Academy Prize. *Christianity* Diarmaid MacCulloch, 2010-03-18 The New York Times bestseller and definitive history of Christianity for our time from the award-winning author of *The Reformation and Silence*. A product of electrifying scholarship conveyed with commanding skill, Diarmaid MacCulloch's *Christianity* goes back to the origins of the Hebrew Bible and encompasses the globe. It captures the major turning points in Catholic, Protestant, and Orthodox history and fills in often neglected accounts of conversion and confrontation in Africa, Latin America, and Asia. MacCulloch introduces us to monks and crusaders, heretics and reformers, popes and abolitionists and discovers Christianity's essential role in shaping human history and the intimate lives of men and women. And he uncovers the roots of the faith that galvanized America, charting the surprising beliefs of the founding fathers, the rise of the Evangelical movement and of Pentecostalism, and the recent crises within the Catholic Church. Bursting with original insights and a great pleasure to read, this monumental religious history will not soon be surpassed. *A History of Christianity* Diarmaid MacCulloch, 2020 **Silence** Diarmaid MacCulloch, 2013 Diarmaid MacCulloch acknowledged master of the big picture in Christian history, unravels a polyphony of silences from the history of Christianity and beyond. He considers the surprisingly mixed attitudes of Judaism to silence, Jewish and Christian borrowings from Greek explorations of the divine, and the silences which were a feature of Jesus's brief ministry and witness. Besides prayer and mystical contemplation, there are shame and evasion, careless and purposeful forgetting. Many deliberate silences are revealed, the

forgetting of histories which were not useful to later Church authorities such as the leadership roles of women among the first Christians or the constant problems which Christianity has faced in dealing honestly with sexuality Behind all this is the silence of God and in a deeply personal final chapter MacCulloch brings a message of optimism for those who still seek God beyond the clamorous noise of over confident certainties

**Monks, the Pope, and the Origins of the Crusades** Diarmaid MacCulloch, 2013-11-05 A fascinating history of the growth in monastic and papal power that preceded the Crusades excerpted from Diarmaid MacCulloch's award winning New York Times bestseller Christianity The First Three Thousand Years A product of electrifying scholarship conveyed with commanding skill Diarmaid MacCulloch's Christianity The First Three Thousand Years stretches from the Greek Platonists and the origins of the Hebrew Bible to the present and encompasses the globe In this excerpt MacCulloch chronicles the rise of monasteries like the great Cluny Abbey which formed orders that reached across secular kingdoms enjoying exclusive papal privileges and encouraging their followers to make pilgrimages among towering cathedrals and far flung shrines Meanwhile the introduction of the tithe expanding control over marriage and a new emphasis on Purgatory brought penitent parishioners even closer to the Church and dependent on ministry By the time Pope Urban II launched the First Crusade the practice of indulgences had made possible his grant that all who died in a state of repentance and confession while fighting would gain immediate entry into heaven Holy War spawned whole new orders most famously the Knights Templar and the Knights Hospitaller as soldiers from across Europe joined the campaigns of conquest toward Jerusalem The many causes and consequences of these clashes between Christianity and Islam are captured here in illuminating detail with elegance and wit Diarmaid MacCulloch's latest book Silence A Christian History is available from Viking

**All Things Made New** Diarmaid MacCulloch, 2016 The most profound characteristic of Western Europe in the Middle Ages was its cultural and religious unity a unity secured by a common alignment with the Pope in Rome and a common language Latin for worship and scholarship The Reformation shattered that unity and the consequences are still with us today In *All Things Made New* Diarmaid MacCulloch author of the New York Times bestseller *Christianity The First Three Thousand Years* examines not only the Reformation's impact across Europe but also the Catholic Counter Reformation and the special evolution of religion in England revealing how one of the most turbulent bloody and transformational events in Western history has shaped modern society The Reformation may have launched a social revolution MacCulloch argues but it was not caused by social and economic forces or even by a secular idea like nationalism it sprang from a big idea about death salvation and the afterlife This idea that salvation was entirely in God's hands and there was nothing humans could do to alter his decision ended the Catholic Church's monopoly in Europe and altered the

trajectory of the entire future of the West By turns passionate funny meditative and subversive All Things Made New takes readers onto fascinating new ground exploring the original conflicts of the Reformation and cutting through prejudices that continue to distort popular conceptions of a religious divide still with us after five centuries This monumental work from one of the most distinguished scholars of Christianity writing today explores the ways in which historians have told the tale of the Reformation why their interpretations have changed so dramatically over time and ultimately how the contested legacy of this revolution continues to impact the world today

Pascal: Reasoning and Belief Michael Moriarty, 2020-02-13 This book is a study of Blaise Pascal's defence of Christian belief in the Pensées Michael Moriarty aims to expound and in places to criticize what he argues is a coherent and original apologetic strategy Setting out the basic philosophical and theological presuppositions of Pascal's project the present volume draws the distinction between convictions attained by reason and those inspired by God given faith It also presents Pascal's view of the contradictions within human nature between the wretchedness our inability to live the life of reason to attain secure and durable happiness and the greatness the power of thought manifested in the very awareness of our wretchedness His mind body dualism and his mechanistic conception of non human animals are discussed Pascal invokes the biblical story of the Fall and the doctrine of original sin as the only credible explanation of these contradictions His analysis of human occupations as powered by the twin desire to escape from painful thoughts and to gratify one's vanity is subjected to critical examination as is his conception of the self and self love Pascal argues that just as Christianity propounds the only explanation for the human condition so it offers the only kind of happiness that would satisfy our deepest longings He thus reasons that we have an

interest in investigating its truth claims as rooted in the Bible and in history The closing chapters of this book discuss Pascal's view of Christian morality and the famous wager argument for opting in favour of Christian belief
