Michael Spector, 2015-01-29 The SAGE Encyclopedia of Educational Technology examines information on leveraging the power of technology to support teaching and learning While using innovative technology to educate individuals is certainly not a new topic how it is approached adapted and used toward the services of achieving real gains in student performance is extremely pertinent This two volume encyclopedia explores such issues focusing on core topics and issues that will retain relevance in the face of perpetually evolving devices services and specific techniques As technology evolves and becomes even more low cost easy to use and more accessible the education sector will evolve alongside it For instance issues surrounding reasoning behind how one study has shown students retain information better in traditional print formats are a topic explored within the pages of this new encyclopedia Features A collection of 300 350 entries are organized in A to Z fashion in 2 volumes available in a choice of print or electronic formats Entries authored by key figures in the field conclude with cross references and further readings A detailed index the Reader's Guide themes and cross references combine for search and browse in the electronic version This reference encyclopedia is a reliable and precise source on educational technology and a must have reference for all academic libraries **Startup Finance 2.0** Sam Ghosh, 2025-08-29 Traditional corporate financial theories and tools are based on matured companies with the assumption that the companies are going concerns Going Concern refers to the assumption that a company will continue to operate indefinitely with no intention or necessity of liquidation or cessation of operations in the foreseeable future The problem is that the Going Concern assumption does not hold for startups due to the inherent uncertainty associated with startups Traditional financial education and resources usually meant for analysts and accountants aren't ideal for entrepreneurs They focus on analyzing past data from established businesses not on making forward looking decisions in the uncertain and highly dynamic environment of startups Entrepreneurs also often struggle to prioritize the allocation of resources between seemingly urgent matters and matters that are important for the long term value of the startup Thus this book takes a value oriented approach to startup finance The book is designed to build the financial intuition that an entrepreneur needs to prioritize matters vital for the long term value of the company raise capital and allocate capital for value maximization It also looks at finance from a value creation point of view and covers specific

methods especially suited for startups from investment assessment to valuation to fundraising to managing day to day finances *Pulmonary Rehabilitation* Claudio Donner,Nicolino Ambrosino,Roger S. Goldstein,2020-07-14 Pulmonary rehabilitation programmes are a fundamental part of the clinical management of patients with chronic respiratory diseases This comprehensive reference book places pulmonary rehabilitation within the wider framework of respiratory disease Now in six parts it includes new sections on the development of PR as a discipline global perspectives on quality control new chapters on early PR post exacerbation and personalized rehabilitation innovative approaches to exercise PR in interstitial lung disease and lung transplantation and the latest research into the application of music dance and yoga Key Features Global contributions compare practice around the world where differences have developed New six Part structure covers new approaches to exercise testing interstitial lung diseases and other diseases and add on interventions drawing on new technologies Contains recommendations of the large collaborative ERS ATS task forces on guidelines for PR as well as suggested policies for its implementation and use Covers the important topic of balance impairment as a focus of rehabilitation for the at risk patient and a new chapter on monitoring physical activity The voices of patients and caregivers describe the impact of chronic respiratory disease on their lives Features an exclusive chapter on COVID 19 that discusses the short and long term pathophysiological consequences provides information about the potential role of physiotherapy in the management of hospitalized patients with confirmed or suspected COVID 19 and details on who where and how to deliver programs to COVID 19 and non COVID 19 patients in the lockdown and post lockdown era
