**Are the Nerds** Christine Lagorio-Chafkin,2018-10-02 Named a Best Book of 2018 by Fast Company this is a sharply written and brilliantly reported Shelf Awareness look inside Reddit the wildly popular often misunderstood website that has changed the culture of the Internet Reddit hails itself as the front page of the Internet It s the third most visited website in the United States and yet millions of Americans have no idea what it is We Are the Nerds is an engrossing look deep inside this captivating maddening enterprise whose army of obsessed users have been credited with everything from solving cold case crimes and spurring tens of millions of dollars in charitable donations to seeding alt right fury and landing Donald Trump in the White House We Are the Nerds is a gripping start up narrative the story of how Reddit s founders Steve Huffman and Alexis Ohanian rose up from their suburban childhoods to become millionaires and create an icon of the digital age before seeing the site engulfed in controversies and nearly losing control of it for good Based on Christine Lagorio Chafkin s exclusive access to founders Ohanian and Huffman We Are the Nerds is also a compelling exploration of the way we all communicate today and how we got here Reddit and its users have become a mirror of the Internet it has dingy corners shiny memes malicious trolls and a sometimes heart melting ability to connect people across cultures oceans and ideological divides

**Debates for the Digital Age** Danielle Sarver Coombs,Simon Collister,2015-11-23 By evaluating the Internet s impact on key cultural issues of the day this book provides a comprehensive overview of the seismic technological and cultural shifts the Internet has created in contemporary society Books about Internet culture usually focus on the people places sites and memes that constitute the cutting edge at the time the book is written That approach alas renders such volumes quickly obsolete This provocative work on the other hand focuses on overarching themes that will remain relevant for the long term The insights it shares will highlight the tremendous impact of the Internet on modern civilization and individual lives well after specific players and sites have fallen out of favor Content is presented in two volumes The first emphasizes the positive impact of Internet culture for example 24 hour access to information music books merchandise employment opportunities and even romance The second discusses the Internet s darker consequences such as a demand for instant news that often pushes journalists to prioritize being first over being right online scams and invasions of privacy that can affect anyone who banks shops pays bills or posts online Readers of the set will clearly understand how the Internet has revolutionized communications and redefined human interaction coming away with a unique appreciation of the realities of today s digital world for better and for worse

**Summary of Just for the Summer by Abby Jimenez:A Season of Passion, Growth, and Second Chances** thomas francis,2024-04-30 Just for the Summer Just for the Summer by Abby

Jimenez is a contemporary romance novel that blends light hearted elements with deeper emotional themes showcasing Jimenez's flair for creating engaging relatable characters and scenarios. The novel was published in April 2024 and has been well received for its compelling mix of romance and personal growth. The story centers on Emma, a traveling nurse with a complicated past involving her unreliable mother and Justin, a software engineer who humorously finds that his ex girlfriends always find their true love immediately after breaking up with him. Both characters joke that they seem to be good luck charms for their exes in finding love. They meet when Emma contacts Justin after seeing his Reddit post about this phenomenon. Intrigued by their shared experiences, they agree to date over the summer while Emma is on assignment in Minnesota, hoping that they might break their streak of being just a stepping stone to others happy endings. *Epic Win for Anonymous* Cole Stryker, 2011-09-01

A sharp, witty, and well-researched history of 4chan and its cultural impact. The Rumpus. Created by a fifteen-year-old wunderkind in 2003, it is the creative force behind the Web's most infectious memes and catchphrases. Wired. Today it has millions of monthly users and enormous social influence. *Epic Win for Anonymous* is the first book to tell 4chan's story. Longtime blogger and 4chan expert Cole Stryker writes with a voice that is engrossingly informative and approachable. Whether examining the 4chan provoked Jessi Slaughter saga and how cyber bullying is part of our new reality or explaining how Sarah Palin's email account was leaked, *Epic Win for Anonymous* proves 4chan's transformative cultural impact and how it has influenced and will continue to influence society at large. *Meganets* David B. Auerbach, 2023-03-14

How the autonomous digital forces jolting our lives as uncontrollable as the weather and plate tectonics are transforming life, society, culture, and politics. David Auerbach's exploration of the phenomenon he has identified as the meganet begins with a simple, startling revelation: There is no hand on the tiller of some of the largest global digital forces that influence our daily lives from corporate sites such as Facebook, Amazon, Google, YouTube, Instagram, and Reddit to the burgeoning metaverse encompassing cryptocurrencies and online gaming to government systems such as China's Social Credit System and India's Aadhaar. As we increasingly integrate our society, culture, and politics within a hyper-networked fabric, Auerbach explains, how the interactions of billions of people with unfathomably large online networks have produced a new sort of beast, ever-changing systems that operate beyond the control of the individuals, companies, and governments that created them. *Meganets* Auerbach explains, have a life of their own, actively resisting attempts to control them as they accumulate data and produce spontaneous, unexpected social groups and uprisings that could not have even existed twenty years ago. And they constantly modify themselves in response to user behavior, resulting in collectively authored algorithms none of us intend or control. These enormous, invisible organisms, exerting great force on our lives, are the new minds of the world, increasingly commandeering our daily lives and inner realities. Auerbach's analysis of these gargantuan, opaque digital forces yield important insights such as: The conventional wisdom that the Googles and Facebooks of this world are tightly run algorithmic entities is a myth. No one is really in control. The efforts at reform to get lies and misinformation off meganets run

into a brick wall because the companies and executives who run them are trapped by the persistent evolving and opaque systems they have created Bitcoin and other cryptocurrencies are uncontrollable and their embrace by elite financial institutions threatens the entire economy We are asking the wrong questions in assuming that if only the Facebooks of this world could be better regulated or broken up that they would be better more ethical citizens Why questions such as making algorithms fair and bias free and whether AI can be a tool for good or evil are wrong and misinformed Auerbach then comes full circle showing that while we cannot ultimately control meganets we can tame them through the counterintuitive measures he describes in detail

**Strategic Public Relations Writing** Jim Eggensperger, Jeanne Salvatore, 2022-06-28

Putting strategy front and center this public relations writing textbook coaches students to readiness for a career as an effective strategic communicator The book focuses on the strategic aspect of public relations writing that distinguishes it from other writing such as journalistic or academic It highlights the essential types of writing necessary for effective public relations in multiple media channels demonstrated by contemporary cases direct from practitioners working today Overviews of the various tactical formats that must be mastered for powerful strategic public relations ranging from social media posts and website updates to podcasts speeches and infographics prepare students to be effective and up to date professionals Full of examples and exercises the book's strength is in its practical utility for career preparation and success This text is suited to public relations writing courses at the undergraduate and postgraduate level particularly those with a focus on strategy or that combine strategy and writing into one course Online resources include chapter outlines a testbank sample homework paper and portfolio building assignments and lecture slides They can be accessed at [www.routledge.com/9781032163871](http://www.routledge.com/9781032163871)

**Say Hello** Carly Findlay, 2019-02-01 A forthright honest and rously triumphant memoir from a woman who has to live with a highly visible different appearance due to a rare skin condition Say hello to Carly In fairytales the characters who look different are often cast as the villain or monsters It's only when they shed their unconventional skin that they are seen as good or less frightening There are very few stories where the character that looks different is the hero of the story I've been the hero of my story telling it on my own terms proud about my facial difference and disability not wanting a cure for my rare severe and sometimes confronting skin condition and knowing that I am beautiful even though I don't have beauty privilege This honest outspoken and thought provoking memoir by award winning writer and appearance activist Carly Findlay will challenge all your assumptions and beliefs about what it is like to have a visibly different appearance Carly lives with a rare skin condition Ichthyosis and what she faces every day and what she has to live with will have you cheering for her and her courage and irrepressible spirit This is both a moving memoir and a proud manifesto on disability and appearance diversity issues Believe the hype by turns frank funny and fearsome Findlay's extraordinary memoir is an early contender for 2019's best Australian non fiction a powerful and moving invitation to examine the structures of privilege and dehumanisation that we so desperately need to address in this country Better Read Than Dead A proud celebration of appearance difference a

valuable read Herald Sun Defiant unsettling and thought provoking The Age [Environmental Policy Science's Exploration for Innovative Data](#) Nicholas Guehlstorff,2025-08-04 This edited volume discusses the use of nontraditional data sources in environmental political research and its implications for policymaking Researchers involved in natural resource investigations and pollution control analysis must be entrepreneurial in finding and utilizing data sets to answer pressing policy questions To remain relevant successful researchers must increasingly seek data beyond routine federal program assessments fragmented local surveys and limited stakeholder interactions This volume surveys current environmental research that draws on emerging data sources such as social media and political discourse It poses critical questions about the potential of creative and innovative analytical approaches particularly in contexts where policymakers have disregarded objective evidence based social science on environmental challenges By encouraging scholars to adopt new methods research designs and data sources this book offers valuable insights for researchers across the social and environmental sciences
