Storming the Ivory Tower Richard Corcoran, 2024-11-19 A firsthand account of how Richard Corcoran former education commissioner of Florida successfully took on powerful progressive interest groups broke their monopoly and paved the way for higher education reform across America. Covid alerted the nation to the reality that K 12 schools private and public alike were infested with ideologues bent on indoctrinating children. Then three years after the beginning of the pandemic the shocking response to Hamas's genocidal assault on Israel made Americans aware that the same tumor had wholly sickened our country's colleges and universities. Now conservatives and increasingly moderates and old school liberals want to know exactly how the radical left captured higher education. Florida has been the vanguard in the war to restore sanity to higher education. And Richard Corcoran has been one of its commanding generals and racking up wins. When Corcoran was Florida's education commissioner he was the point person for reopening schools and banning mask mandates. He triumphed. Then he was given a herculean task remaking a college overrun by radicalism and cancel culture. In 2023 he moved into the president's office in Sarasota took on a campus mob and challenged a media firestorm. Just a year later Corcoran achieved the seemingly impossible. He turned around New College of Florida. Now free speech is protected. Violence and anti-Semitism are abolished. DEI bureaucracy is eliminated. And already enrollment records are being broken. *Storming the Ivory Tower* is the story of how Corcoran is winning the fight for freedom in hostile territory and how others can join the battle.

Pierre Poilievre Andrew Lawton, 2024-05-28 When Pierre Poilievre was elected leader of Canada's Conservative party in 2022 he vowed to put Canadians back in control of their own lives. He took aim at the country's elites and gatekeepers as well as governments that sneer at their own citizens. Railing against the housing crisis and spiralling inflation Poilievre was telling ordinary Canadians he was on their side. As the adopted son of two Alberta teachers Poilievre knows the middle class. But he's also the embodiment of a career politician having spent nearly his entire adult life in politics. In *Pierre Poilievre: A Political Life* journalist Andrew Lawton chronicles Poilievre's life career and his unique brand of conservatism which has galvanized supporters and detractors alike. The portrait that emerges is of a radically authentic yet intensely calculating individual who has been plotting his path to be Canada's prime minister since he was a teenager.

The Wire, 2007 Queer

Meg-John Barker, Jules Scheele, 2016 Activist academic Meg John Barker and cartoonist Julia Scheele illuminate the histories of queer thought and LGBTQ action in this groundbreaking non-fiction graphic novel. A kaleidoscope of characters from the diverse worlds of pop culture, film, activism and academia guide us on a journey through the ideas, people and events that have shaped queer theory. From identity politics and gender roles to privilege and exclusion, Queer explores how we came to view sex, gender and sexuality in the ways that we do, how these ideas get tangled up with our culture and our understanding of biology, psychology and sexology, and how these views have been disputed and challenged. Along the way we look at key landmarks which shift our perspective of what's normal, such as Alfred Kinsey's view of sexuality as a spectrum between heterosexuality and homosexuality; Judith Butler's view of gendered behavior as a performance; the play Wicked, which reinterprets characters from The Wonderful Wizard of Oz; or moments in Casino Royale when we're invited to view James Bond with the kind of desiring gaze usually directed at female bodies in mainstream media.
