Allen,2017-05-15 Emotional Intelligence The Emotional Intelligence Book Emotional Intelligence at Work and Emotional Intelligence Leadership This Emotional Intelligence Book will answer the question what is emotional intelligence also referred to as EI As the book works to define emotional intelligence through the four main branches it dives deeper into explaining each branch in hopes of bringing about a higher self awareness in the reader Most people walk around with low emotional intelligence out of ignorance They do not know because they have never been taught Some crowds believe that the emotionally intelligent are as smart as those with high IQ's People in positions of leadership show a higher aptitude of EI for being able to help others to calm the crowd and to work well under pressure without cracking Each of the four branches of the emotional intelligence theory is explained in full detail The first branch is emotional perception The second branch is emotional reasoning The third branch is emotional understanding and the fourth branch is emotional management Each branch has an explanation on how to do it how to perceive how to reason how to understand and how to manage the emotions In leaning this we can then learn how to improve emotional intelligence Emotional intelligence training helps to make leaders out of people and helps people to learn more about themselves and they will learn how to handle their emotions A person with a high level of emotional

intelligence has learned how to control their reaction to their emotions and they can also help others with their responses to emotions. The emotional intelligence definition shows that we are whole people who have emotions and will go through emotional times but that we can control our reaction and responses to these emotions instead of allowing the emotions to show as raw and out of control. *The Emotional Intelligence Activity Book* Adele Lynn, 2001-12-26. We've all heard of IQ but what's EQ? It's Emotional Quotient aka Emotional Intelligence and experts say that EQ is a greater predictor of success at work than IQ. Companies are increasingly looking for ways to motivate and develop their employees' emotional intelligence. This book presents trainers and coaches with 50 innovative exercises to be used for either individuals or groups. The activities found in the book are grouped according to the various core competencies associated with Emotional Intelligence: Self Awareness and Control, an awareness of one's values, emotions, skills, and drives, and the ability to control one's emotional responses; Empathy, an understanding of how others perceive situations; Social Expertness, the ability to build relationships based on an assumption of human equality; Mastery of Vision, the development and communication of a personal philosophy. The book also includes suggested training combinations and coaching tips. *Emotional Intelligence Book* Glenn Cummings, 2021-03-25. 55% OFF for Bookstores NOW at \$33.97 instead of \$43.97. LAST DAYS. Do you exhibit the compulsion to show off abilities to others if only to get someone to pay attention for a moment or two? As an empath, embrace everything in your life, even the negative. You'll always be ready to find value from things, albeit they're seemingly terrible. Always hunt down a greater truth and permit yourself the chance to explore every facet of your mind. It's only you who give yourself the liberty to try to this that you simply are going to be ready to embrace life to the fullest and find out fulfillment. At an equivalent time, maybe something tragic could have occurred. Maybe on your final day of classes during your medical studies, you get during a car accident. Perhaps you finish up becoming a doctor, spending all this point and money thereon, and once you get an actual job, you realize that you simply hate the hospital you've moved closer to. Perhaps you meet somebody different than who you're with now, and you've got children with them. This might mean that children you currently have don't exist and instead, others do. You'd likely love them even as much, but the thought of anyone we love in our life being different from who they're now is terrifying. An empath recognizes and feels the emotions that folks won't mention. Therefore, they need a way, higher level of compassion, and therefore the ability to attach with others. There are not any emotional defenses or barriers to shield them from absorbing the energy of the people they are available into contact with and their surroundings. This makes individuals with this sensitivity more likely to be the givers in relationships. You have skilled experiences in your life that evoked the will to dig deeper within yourself. There's something missing, and now you're getting to seek fulfillment. This is the beginning of your journey, so who knows what's awaiting you. This might be the catalyst that helps drive you to your destiny. This book covers: Cultivating mindfulness, Master your emotions, Living Your Life, Overcoming Your Fears, Discovering Your Hidden Power of Sensitivity, How to Develop Your Empath Abilities. Why is it that some people seem to cruise smoothly through life while the rest of us struggle to catch up? You probably know one such person or even two in your life. They make friends easily. They know exactly what to say in social situations. At work, they are always up for consideration when a promotion is on the table. They generally have everything figured out or so it seems. It is sheer luck. Are the gods of good fortune always looking favorably upon these individuals? More often than not, it is a question of emotional intelligence rather than luck. For the longest time, it was believed that being book smart was all you needed to get by in life. That is, until a different kind of smart was introduced into the picture. Emotional intelligence is essentially the kind of smart you need to understand your emotions, relate well to people, and handle the curveballs that life may throw at you. People with emotional intelligence seem to have everything figured out because they have mastered the most important thing of all: They have mastered themselves. *The Emotional Intelligence* is a handbook on all things that you may have questions about in regards to your emotional quotient, abbreviated EQ. It explores the various aspects of EQ from why we have emotions to why we need them. It explains why emotional intelligence might get you further in life than IQ without necessarily diminishing the very important role played by book smarts in your life. It goes further to bust the popular myths about emotional intelligence that exist, thus allowing you to distinguish the truths from the misconceptions. This book is dedicated to helping you explore the various components of emotional intelligence and show you how you can improve at each of them. It discusses the role of emotional intelligence at home and in the workplace and helps you identify simple ways to go from low EQ to high EQ. Do you know a person or two who always seems to sap your energy every time you interact with them? You might be dealing with an energy vampire. What is an energy vampire? This question is answered comprehensively in this book, complete with tips on how to deal with people who are intent on bringing out the worst in you, otherwise known as energy vampires. If success were a matter of sheer luck, then many of us who are not necessarily lucky would be doomed to fail. *The Emotional Intelligence* gives assurance that success in all areas of your life is well within your reach and it is not necessarily a function of luck if you take time to master your emotions and the emotions of those around you. If you have been struggling to understand where your emotions fit in the overall picture of your life or what you can do to achieve greatness in your personal and professional life, then this book is perfect for you. Do not allow yourself to live another day in oblivion. Get ready to figure out the hard questions thanks to *The Emotional Intelligence*. You will thank yourself later for choosing to read this book.
