is a must have *How Capitalism Will Save Us* Steve Forbes,Elizabeth Ames,2011-06-21 Has capitalism failed Is it fundamentally greedy and immoral enabling the rich to get richer Are free markets Darwinian places where the most ruthless crush smaller competitors where vital products and services are priced beyond the ability of many people to afford them Capitalism is the world s greatest economic success story It is the most effective way to provide for the needs of people and foster the democratic and moral values of a free society Yet the worst recession in decades has widely and understandably shaken people s faith in our system Even before the current crisis capitalism received a bad rap from a culture ambivalent about free markets and wealth creation This crisis of confidence is preventing a full recognition of how we got into the mess we re in today and why capitalism continues to be the best route to prosperity How Capitalism Will Save Us transcends labels such as conservative and liberal by showing how the economy really works When free people in free markets have energy to solve problems and meet the needs and wants of others they turn scarcity into abundance and develop the innovations that are the foremost drivers of economic growth The freedom of democratic capitalism is for example what enabled Henry Ford to take a plaything of the rich the car and transform it into something affordable to working people In the capitalist system economic growth doesn t mean more of the same grinding out a few more widgets every year It s about change to increase overall wealth and give more people the chance for a better life *New York* ,2009-07 *Congress and the Nation 2009-2012, Volume XIII* Dave Tarr,2014-09-09 Chronicling the highly partisan and polarized environment during the historic first term of President Barack Obama Congress and the Nation 2009 2012 Volume XIII is the most authoritative reference on congressional law making and trends during the 111th and 112th Congresses The newest edition in this award winning series documents the most fiercely debated issues during this period including Stimulus spending in the wake of financial crisis The controversial reform of the U S healthcare system Showdowns over raising the national debt ceiling Extensions of tax cuts and unemployment compensation Confirmation of two new female members of the U S Supreme Court Overhaul of financial industry regulations Repeal of the don t ask don t tell law banning openly gay armed forces personnel from military service This acclaimed resource also covers the shift in partisan control of the U S House after the 2010 midterm election and the subsequent gridlock for lawmaking in the 112th Congress Organized by policy area each chapter summarizes the legislative activity including a chronology and legislative history of the bills passed and the major provisions of the final laws No other source guides readers seamlessly through the policy output of the national legislature with the breadth depth and authority of Congress and the Nation This must have reference for all academic libraries meets the needs of the full spectrum of users from lower level undergraduates through researchers and faculty
