### **Invented Religions** Carole M. Cusack,2010

Utilizing contemporary scholarship on secularization individualism and consumer capitalism this book explores religious movements founded in the West which are intentionally fictional Discordianism the Church of All Worlds the Church of the SubGenius and Jediism Their continued appeal and success principally in America but gaining wider audience through the 1980s and 1990s is chiefly as a result of underground publishing and the internet This book deals with immensely popular

subject matter Jediism developed from George Lucas Star Wars films the Church of the Flying Spaghetti Monster founded by 26 year old student Bobby Henderson in 2005 as a protest against the teaching of Intelligent Design in schools Discordianism and the Church of the SubGenius which retain strong followings and participation rates among college students The Church of All Worlds focus on Gaia theology and environmental issues makes it a popular focus of attention The continued success of these groups of Invented Religions provides a unique opportunity to explore the nature of late post modern religious forms including the use of fiction as part of a bricolage for spirituality identity formation and personal orientation **The**

**Women's Circle Ritual Handbook** Sistership Circle,2020-05-06 As more and more women rise up into their leadership and take ownership of their truth and their voice they feel a strong pull toward being in circle with other women The power of women gathering is immeasurable There is more demand than supply right now so we need more women to raise their hands and be the leaders of circles creating safe sacred space for women to come together in sisterhood When women come to Sistership Circle to learn how to lead circles the 1 question they have is what s the structure and what rituals should I use to create a powerful and potent experience So we curated a group of talented facilitators to each contribute a ritual that they love as well as inspirational stories on why they circle This handbook is designed to empower and inspire more women to lead circles using these beautiful rituals and is specifically focused on the spring season Many of these rituals can be done individually to invoke the divine feminine and connect deeper with oneself We hope you use these for your own special ceremonies with girlfriends or in your women s circles The Ceremonial Circle Sedonia Cahill,Joshua Halpern,1992

Describes Native American and shamanic rituals giving practical information for contemporary use Salsa, Soul, and Spirit Juana Bordas,2009-01-21 The rapidly increasing cultural and racial diversity of the U S workforce consumer base and citizenry is propelling leadership to better reflect the values worldviews and principles inherent in our multicultural age As the world becomes flatter and globalization creates a world village leaders must have the cultural flexibility and adaptability to inspire and guide people who represent the whole rainbow of humanity For many years I have searched for materials that draw on multicultural approaches Such materials continue to be extremely scarce Today s leadership models although they may differ from person to person and method to method generally have a common bias toward Western or European influenced ways of thinking and approaches Contemporary leadership theories center on the dominant or mainstream culture and exclude the enormous contributions potential learning and valuable insights that come from leaders in diverse communities However the task of integrating leadership from these communities into the American mainstream does not fall to Anglo leaders or authors To be authentic and effective this information must emerge from leaders and scholars in communities of color Multicultural leadership has broad relevance and application to the diverse world that we live in A culturally integrated model has greater impact influence and scope Delving into leadership models from specific communities will certainly enhance a person s ability to relate more effectively with that population but will not necessarily be applicable

to the growing diversity that exists A multicultural leadership approach on the other hand offers practices and tools that will be effective with many populations Each principle section starts with a story from my life which allows me to include my voice with those of the other leaders who have graciously shared their knowledge and wisdom The first part of my life for instance mirrors many of the experiences that shaped leaders since the civil rights movement when young people of color stood up in unprecedented numbers and answered the call to leadership Each principle section ends with suggestions and exercises for using the principle in practical ways and can assist you in developing multicultural ways of leading Preface
