Creation Songs Christ Classic Reprint:

Creation a Song of the Ages; Songs of the Christ and Other Poems (Classic Reprint) George Washington

Bainum,2015-07-12 Excerpt from Creation a Song of the Ages Songs of the Christ and Other Poems Starting to study anew the Biblical account of Creation for exegetical and pulpit purposes alone a poem sprang up at once into mind Seeking a sermon there was found a song The opening stanzas were written immediately the remainder was completed after an interval made necessary by the varied duties of a pastor's life and the need of more extended research in special directions An inspiration at first the conception has been wrought out with painstaking care and thorough re examination of authorities bearing upon scientific questions involved Geologists are substantially agreed in finding evidence of distinct geologic ages forming an ascending scale from the lowest and first formative conditions up to the highest and most complete And it is found upon comparison that these progressive steps in creative work correspond in a surprising way with the Six Days of the Mosaic account It is observed too that the order in which these ages have progressed is precisely that which is pictured in the Days of Moses For example Geology points to a period of time wherein the earth was subject to the action of original formative and contending elements before the beginning of vegetable or animal life So does the Bible About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

The Sufficiency and Defects of the English Communion Office (Classic Reprint) A. G. Walpole Sayer,2018-02-03

Excerpt from The Sufficiency and Defects of the English Communion Office HE object which led to the enterprise of this subject was essentially practical Considerable outcry had been raised against the interpolation into the service by the Celebrant of parts of the Unreformed Office The outcry interpreted this action as throwing doubt or discredit on the Office of our Church And this interpretation is justified by the open avowals of many who are addicted to this practice They allege defect or deficiency in our Office Others indeed without such allegation or conscious admission defend their interpolations as conducing to greater fulness or richness The object of this work in part is to attempt to disprove the charges of insufficiency and to show the redundancy of such interpolations The nature of the interpolations in View has been already defined There is no reference to any private¹ intercessions or devo tions of the Celebrant but to the direct interpolation of portions of other Offices About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged

McKim,2008-01-01 It's hard to be the only one That single sentence from a teenage congregant sums up the conviction that motivated *Christian Theology for a Secular Society* In these dying days of Christendom the reality that most Western Christians face is living out their faith as a minority in the midst of a culture that is at every level personal institutional and societal secular in nature While most living in Western societies still affirm belief in God and often other vaguely recognizable Christian beliefs these affirmations frequently have little to do with how daily life is lived The idea that the God best known to us in Jesus Christ is actually in charge of life is foreign For most Christianity simply does not form an overarching system of meaning that shapes life Instead life is lived largely without reference to God And to live any other way is often hard In this volume Mark McKim sets out to do theology in this context How does one explain the core historic Christian doctrines in a way that makes sense in a secular culture and in a way that will gain a hearing What does it mean to be the church in this new situation Throughout McKim asks the question so what as he relates Christian teachings to a secular society and to what is actually happening in the local church McKim's goal is to enable the singing of the Lord's song in the new and strange land of a secular society **Classical Vocal Music in Print** F. Williams,2023-10-03 In *The Cross of Christ in African American Christian Religious Experience* Piety Politics and Protest

Demetrius K Williams examines and explores the ideational importance and rhetorical function of cross language and terminology in Black religious experience through an ideological lens Williams argues that for the first time in Christian history the European nation of Portugal under the guidance of Prince Henry used the theology of the cross to justify and sustain an exclusive trade of Sub Saharan African peoples Claiming that Jesus died on the cross only to save lost souls provided a convincing rational for Henry s exploratory voyages of discovery to West African to exclusively enslave Black bodies With the confirmation of Catholic Popes and the competition of other European nations this same rationale would inspire empire building colonization and slave trading justified on their newly constructed ideological narrative of compassionate evangelism to save lost souls Over time with massive conversions to the faith of their enslavers Black people s Christian religious experiences would articulate a response to the world that held them in thralldom That response would be articulated most consistently and effectively through their understanding of the cross of Christ Williams affirms Howard Thurman s claim that by some amazing but vastly creative spiritual insight the slave undertook the redemption of a religion that the master had profaned in his midst
