The Complete Chinchilla Owners Guide :Facts about what makes Chinchillas great pets including facts about chinchilla care, chinchillas as pets Matthew Debanks, Facts about what makes chinchillas great pets including facts about chinchilla care in general The Chinchilla originates from the Andes Mountain Range in South America and the name derives from the South American Chincha tribe The Chinchilla was first introduced to the western world in the 1500s Chinchillas are very popular due to the thickness of their fur which is actually the thickest of any land mammal Chinchillas that are handled by humans from a young age will be fairly tame and should usually form a close relationship with their owners There are cases though where the Chinchilla will not enjoy being held Chinchillas are a nocturnal creature meaning that they are active at night and sleep during the day Your chinchillas should be kept somewhere quiet during the day so that they are able to rest Because the Chinchilla is an energetic and active pet it requires plenty of room to run around in

Chinchilla Dr Fred Able,2020-05-10 Chinchillas are small rodents native to South America found in rocky arid areas in the mountains They are active and playful and with gentle handling from a young age most chinchillas become quite tame and can bond closely with their owners But don't expect them to like being held and cuddled like dogs and cats

They usually don't although they'll express their affection for you in other ways Chinchillas can be kept singly and will usually do fine as part of same sex pairs especially if the two chinchillas are litter mates or are introduced at a young age
