been accomplished The book is an invitation for us to hang in there and persevere If you are not quite burned out have not given up and are still fighting the odds the message of these chapters is you are not nearly as alone as you sometimes feel out there on your limb The reassuring fact is that there are enclaves of humanistic activity in correctional settings and as these experiments demonstrate their effectiveness they are bound to ensure the long term survival of the approach Hans Toch University at Albany SUNY from the Preface It is regrettable that a collection such as this is necessary in order to encourage those who wish to treat prisoners as human beings For this reason alone the book deserves a place in every library Summing Up Recommended Upper division undergraduates and above CHOICE Magazine **Traffic Engineering & Control** ,2000
