The Ransomware Hunting Team Renee Dudley, Daniel Golden, 2022-10-25 A real-life technological thriller about a band of eccentric misfits taking on the biggest cybersecurity threats of our time. What Michael Lewis did for baseball in *Moneyball*, Renee Dudley and Daniel Golden do brilliantly for the world of ransomware and hackers. Cinematic big in scope and meticulously reported, this book is impossible to put down. Doug Stanton, New York Times bestselling author of *In Harm's Way* and *Horse Soldiers*, scattered across the world an elite team of code crackers is working tirelessly to thwart the defining cyber scourge of our time. You've probably never heard of them. But if you work for a school, a business, a hospital, or a municipal government, or simply cherish your digital data, you may be painfully familiar with the team's sworn enemy, ransomware. Again and again, an unlikely band of misfits, mostly self-taught and often struggling to make ends meet, have outwitted the underworld of hackers who lock computer networks and demand huge payments in return for the keys. *The Ransomware Hunting Team* traces the adventures of these unassuming heroes and how they have used their skills to save millions of ransomware victims from paying billions of dollars to criminals. Working tirelessly from bedrooms and back offices and refusing payment, they've rescued those whom

the often hapless FBI has been unwilling or unable to help. Foremost among them is Michael Gillespie, a cancer survivor and cat lover who got his start cracking ransomware while working at a Nerds on Call store in the town of Normal, Illinois. Other teammates include the brilliant reclusive Fabian Wosar, a high school dropout from Germany who enjoys bantering with the attackers he foils, and his protégé, the British computer science prodigy Sarah White. Together they have established themselves as the most effective force against an escalating global threat. This book follows them as they put their health, personal relationships, and financial security on the line to navigate the technological and moral challenges of combating digital hostage taking.

Urgent – uplifting and entertaining. Renee Dudley and Daniel Golden's *The Ransomware Hunting Team* is a real-life technological thriller that illuminates a dangerous new era of cybercrime.

Family Papers Sarah Abrevaya Stein, 2019-11-19. An award-winning historian shares the true story of a frayed and diasporic Sephardic Jewish family preserved in thousands of letters. One of *The Economist's* Best Books of 2019. A New York Times Book Review Editors' Choice. A National Jewish Book Award finalist. For centuries, the bustling port city of Salonica was home to the sprawling Levy family. As leading publishers and editors, they helped chronicle modernity as it was experienced by Sephardic Jews across the Ottoman Empire. The wars of the twentieth century, however, redrew the borders around them in the process, transforming the Levys from Ottomans to Greeks. Family members soon moved across boundaries and hemispheres, stretching the familial diaspora from Greece to Western Europe, Israel, Brazil, and India. In time, the Holocaust nearly eviscerated the clan, eradicating whole branches of the family tree. In *Family Papers*, the prizewinning Sephardic historian Sarah Abrevaya Stein uses the family's correspondence to tell the story of their journey across the arc of a century and the breadth of the globe. They wrote to share grief and to reveal secrets, to propose marriage and to plan for divorce, to maintain connection. They wrote because they were family. And years after they frayed, Stein discovers what remains solid: is the fragile tissue that once held them together, neither blood nor belief, but papers. With meticulous research and care, Stein uses the Levys' letters to tell not only their history but the history of Sephardic Jews in the twentieth century. A superb and touching book about the frailty of ties that hold together places and people. *The New York Times Book Review*: Remarkable, rigorously researched. Readers will rejoice at every miraculous story of survival of which there are a few and will mourn every death of which there are many. Elaine Margolin, *Los Angeles Review of Books*.

The Hollow Kind Andy Davidson, 2022-10-11. *The Hollow Kind* seeps into your subconscious and waits for you in your nightmares. S.A. Cosby, bestselling author of *Razorblade Tears*. long lost grandfather she throws everything she can think of in her pickup and flees to Georgia with her eleven year old son Max in tow August Redfern's estate is a decrepit farmhouse on a thousand acres of old pine forest but Nellie sees it as the perfect refuge a safe place to hide from her violent husband and the chance for a fresh start But Max sees what his mother can't Redfern Hill is no haven Something lurks beneath the soil ancient and hungry with the power to corrupt hearts and destroy souls And Nellie's return is about to wake it up From the author of *The Boatman's Daughter* comes a jaw dropping terrifying novel about legacy and the nightmares hidden in family histories Andy Davidson's *The Hollow Kind* is a twisted tale of cosmic horror mixed with a stunning Southern Gothic fable that will haunt you long after you turn the final page
