**Scorsese** Martin Scorsese, 1999 Collected interviews with the man who has been called the greatest living American film director *The Bipolar Express* David Coleman, 2014-07-08

In the past few decades awareness of bipolar disorder has significantly increased but understanding of the condition remains vague for most of the general public Though the term itself is relatively recent the condition has affected individuals for centuries and no more profoundly than in the arts The historical connections among manic depression and such fields as literature music and painting have been previously documented However the impact of bipolar disorder on movie makers and its depiction on the screen has yet to be thoroughly examined In *The Bipolar Express* Manic Depression and the Movies David Coleman provides an in depth examination of the entwined natures of mood disorders and moviemaking In this volume Coleman looks at the writers directors and actors who have faced the mood swings and behavior that are hallmarks of this condition from Greta Garbo and Orson Welles to Marilyn Monroe and Jonathan Winters In addition to recognizing the cinematic contributions of manic depressive filmmakers the author also looks at movies that have portrayed bipolar disorder with varying degrees of accuracy including *Citizen Kane* *Rebel without a Cause* *Breakfast at Tiffany's* *Hannah and Her Sisters* *The Aviator* and *Silver Linings Playbook* From early silents of the twentieth century through critically acclaimed films of today this book compares depictions of mood swings on screen with clinical examples of actual manic depression carefully distinguishing real from stereotypical portrayals This fascinating study is augmented by a concise filmography of more than 400 feature length films from around the world with themes or characters relating to manic depressive illness Though aimed at film fans and anyone interested in manic depression mental illness or related medical studies this book will also prove valuable to medical and mental health professionals Martin Scorsese and the American Dream Jim Cullen, 2021-06-18

More than perhaps any other major filmmaker Martin Scorsese has grappled with the idea of the American Dream His movies are full of working class strivers hoping for a better life from the titular waitress and aspiring singer of *Alice Doesn't Live Here Anymore* to the scrappy Irish immigrants of *Gangs of New York* And in films as varied as *Casino* *The Aviator* and *The Wolf of Wall Street* he vividly displays the glamour and power that can come with the fulfillment of that dream but he also shows how it can turn into a nightmare of violence corruption and greed This book is the first study of Scorsese's profound ambivalence toward the

American Dream the ways it drives some men and women to aspire to greatness but leaves others seduced and abandoned Showing that Scorsese understands the American dream in terms of a tension between provincialism and cosmopolitanism Jim Cullen offers a new lens through which to view such seemingly atypical Scorsese films as *The Age of Innocence* Hugo and *Kundun* Fast paced instructive and resonant Martin Scorsese and the American Dream illuminates an important dimension of our national life and how a great artist has brought it into focus *Mean Streets* Demetrios Matheou,2023-10-05 *Mean Streets* was Martin Scorsese's third feature film and the one that confirmed him as a major new talent On its premiere at the New York Film Festival in 1973 the critic Pauline Kael hailed the film as a true original of our period a triumph of personal film making The tale of combative friends and small time crooks is set amid the bars pool halls tenements and streets of Manhattan's Little Italy Scorsese has said of his childhood neighbourhood its very texture was interwoven with organised crime and this quality would dramatically inform the tone and restless energy of his seminal film Demetrios Matheou's insightful study considers *Mean Streets* production history in the context of the New Hollywood period of American cinema noting also the key roles played by John Cassavetes and Roger Corman He analyses the importance of Scorsese's background to the film's characters and themes including preoccupations with guilt redemption and criminal subcultures the development of the director's film making process and signature style the way in which he both drew upon and invigorated the crime genre his relationship with emerging stars Robert De Niro and Harvey Keitel and the film's reception and legacy Matheou argues that while *Taxi Driver* 1976 and *Raging Bull* 1980 are regarded as Scorsese's greatest films of the period *Mean Streets* is the more influential achievement With it Scorsese not only paved the way for a new kind of crime movie not least his own *GoodFellas* 1990 but also inspired generations of independently minded film makers *Martin Scorsese* Ian Nathan,2025-10-07 Discover the genius of Martin Scorsese one of cinema's greatest storytellers For over 50 years Martin Scorsese has been one of cinema's most celebrated directors From a Catholic kid in Manhattan to a legendary filmmaker he's shaped Hollywood with masterpieces such as *Taxi Driver* *Goodfellas* and *The Irishman* But what makes a Scorsese film unique His stories explore power morality and human nature blending raw emotion with intellectual depth Whether reinventing noir musicals or crime dramas his work captures the pulse of America and the Italian American experience This book dives into all 26 of his films breaking down his signature themes iconic collaborations with Robert De Niro and Leonardo DiCaprio and his place in film history A true movie fanatic and preservationist Scorsese continues to push boundaries proving that cinema isn't just entertainment it's an art form *Martin Scorsese's Documentary Histories* Mike Meneghetti,2021-03-25 *Martin Scorsese's Documentary Histories* Migrations Movies Music is the first comprehensive study of Martin Scorsese's prolific work as a documentary filmmaker Highlighting the historiographic aims of the director's various non-fiction film video and television productions Mike Meneghetti re-examines Scorsese's documentaries as resourceful audiovisual histories of migrations movies and popular music Italianamerican's critical immersion in the post-Sixties ethnic

revival inaugurates Scorsese's decades-long documentary project in 1974 and the era's developing vernacular of reclamation would shape each of his subsequent non-fiction efforts. Martin Scorsese's *Documentary Histories* surveys the succeeding films: decisive adherence to this language of retrieval. With extended analyses of Italian-American American Boy, A Profile of Steven Prince, The Last Waltz, Shine a Light, Feel Like Going Home, No Direction Home, Bob Dylan: Il mio viaggio in Italia, and A Letter to Elia among others, Meneghetti resituates Scorsese's filmmaking within the wider contexts of documentary history and American culture.

*Conversations on Faith* Martin Scorsese, Antonio Spadaro, 2025-11-04 From the legendary film director Martin Scorsese, a book in which he and Father Antonio Spadaro discuss the visionary filmmaker's relationship to faith throughout his life. From his Italian-American upbringing as a Catholic in New York to the meditations on religion, belief, and the divine found in his filmography, Martin Scorsese's relationship to his faith has touched every aspect of his life and work. When Italian journalist Father Antonio Spadaro and Martin Scorsese first sat down together in Scorsese's home, neither could have predicted the depth of the conversation, intellectual exchange, or friendship that would result. While discussing the acclaimed director's film *Silence* about the persecution of Jesuits in Japan, they began a dialogue about faith that continues to this day. In their often profound conversations, he and Father Spadaro have left no stone unturned, discussing this relationship along with everything from Scorsese's childhood to the concept of the soul. And as a result of their long friendship and communication, Scorsese met with Pope Francis. Readers will gain new insight into one of the most famous directors of the twentieth and twenty-first centuries in these honest, moving, and ultimately inspiring *Conversations on Faith*.

**Martin Scorsese** Robert Ribera, 2017-01-05 Martin Scorsese (b. 1942) has long been considered one of America's greatest cinematic storytellers. Over the last fifty years, he has created some of the most iconic moments in American film, never afraid to confront controversial issues with passion. While few of his films are directly autobiographical, his upbringing in New York's Little Italy, the childhood asthma that kept him from playing sports, and his early desire to enter the priesthood all helped form his sensibilities and later shaped his distinct style. Community, religion, violence: these themes drive a Scorsese picture, and whether he examines the violence that bursts forth in the hand of Travis Bickle or the passion of Jesus Christ, Scorsese's mastery of the history, art, and craft of filmmaking is undeniable. This collection was originally edited by the late Peter Brunette in 1999 and is now revised and extensively updated by Robert Ribera. It traces Scorsese's evolution from the earliest days of the New American Cinema, his work with Roger Corman, and his days at New York University's film program to his efforts to preserve the legacy of cinema, his documentary work, and his recent string of successes. Among new movies discussed are *The Departed*, *Hugo*, and *The Wolf of Wall Street*, and the documentaries *No Direction Home* and *The Blues*. Scorsese stands out as a director, producer, scholar, preservationist, and icon. His work, both behind the camera and in the service of its history, are a cornerstone of American and world cinemas. In these interviews, Scorsese takes us from Elizabeth Street to the heights of Hollywood and all the journeys in between.
