Lowery,2013-04-02 I came up with For Kid s Only Cookbook because like so many I have young kids that at times can be picky eaters So with the help of mine and my friend s kids I came up with recipes that anyone s kids would love Each section is a different color so you and your children will enjoy reading the book together and trying out the recipes I like to have recipes where the kids can also participate in the cooking What makes this book different from any other kids cookbook is I will show you variations of the

same dish and a lot of the recipes you do not have to make from scratch It is filled with things that you can pick up at your local grocery store There will be neat food ideas and a lot of the recipes are good for kids and they will never know it For my parents some of the recipes can be jazzed up for you just use your imagination I hope that you enjoy For Kid s Only

*Healthy Recipes for Picky Eaters* Martha Stephenson,2017-06-27 Feeding your child wholesome and nutritious meals can be a parent s greatest challenge if you happen to have a picky eater You may find it easier to let them devour that hot dog for breakfast just so you can tell yourself at least they ate Sometimes the food looks too healthy for your child or the colors and textures turn them off There is a solution to making your kid feel like they are eating the unhealthy food they love while still getting proper nutrition into their stomachs One of the reasons some kids won t eat is because they are not part of the cooking process so there isn t a connection with the meal in front of them Even though cooking with your child can be time consuming and very messy it will teach them a valuable skill and they are more likely to eat what they have cooked If you allow them to make the decisions of what ingredients to put in the food that is even better You will find that your child will want to take part in more meals if they are one of the chefs Each of the recipes found in this book has activities that your child can do on their own to help out with the preparation The rule of thumb with each one is the messier the better Cooking is a creative outlet and doesn t follow a neat and clean path so getting cheese on your face or flour on your clothes is all part of the process You may want to invest in a special apron and chef s hat for your child to make the experience even more fun

*Cooking with Kids* Molly Mills,2019-06-11 You have labored in the kitchen for hours in an effort to prepare a healthy and delicious meal for your kid You are proud of your effort and you have a smile on your face as you set the meal in front of your kid Shocker your kid turns his or her nose at your efforts That can be a really good mood dampener Yes some kids are picky eaters and this is a great challenge for parents who want them to eat nothing but meals rich in nutrients Getting them to eat this meal can be such a herculean task that you may find it easier to let them eat whatever they want to hell with nutrition Kids tend to find something wrong with the food they are told they need to eat to stay healthy This can be traced to the fact that they are not a part of the cooking exercise Therefore the food does not mean much to them Sure preparing meals with kids can be such a mess and take a lot of time it has its goods because it lets them feel connected to the food and there is a greater chance that they will eat it because they will like to think they prepared it You can maximize this trick and let them decide what ingredients to put in the food and whatnot as this will give them a sense that you trust them to make important decisions However this exercise must not be boring and this cookbook will make sure that everything goes the way it is supposed to The recipes in this book are designed for this purpose and they include tasks your kid can do without your help in the cooking process This may just be the solution you need to get your picky kid to eat everything you want them to eat Let us get started
