The Trauma Survivor's Guide to Healing Travis Jessop,2020-05-14 I understand the magnitude of damage left behind in the aftermath of trauma Not only through my years of coaching trauma survivors but because I too am a survivor of unimaginable trauma A few years ago I watched my 3 year old son die in an auto accident just days after losing my Dad to cancer Shortly after losing my son I found myself homeless and beyond broke I desperately needed help from somebody who not only understood trauma but had survived and HEALED after experiencing trauma I needed help and I didn t know where else to turn So I began weekly therapy sessions After thousands of dollars and many years of meeting with different counselors I was diagnosed with PTSD The diagnosis was great at least now I had a name for the beast in my head but I was still not feeling the peace I was desperately seeking So I began my quest to heal from PTSD on my own so I could get control over my mind and emotions and create a new life for myself my life after trauma I know from personal experience that trauma can destroy everything you value It can leave you broke mentally financially and spiritually It destroys friendships and relationships The very things you once placed so much value on no longer matter After years of studying trauma and PTSD I began to coach other trauma survivors and I dicovered that we all seem to have a common theme in the way our brains and bodies react when they try to process the trauma and damage that has taken place

I made a promise to myself that when I had healed from trauma that I would help others heal from their traumas so I created a simple step by step guide in the pages of this short book called **The Trauma Survivor's Guide To Healing Trauma Program** Shannon Siegel, 2020-11-03 A practical guide especially relevant for those individuals who are in deep search of ways in restoring the wisdom of the mind and body and for understanding and working with a traumatic memory Have you ever experienced a traumatic event in the span of your lives Has someone you know been enduring lifelong symptoms like depression anxiety panic attacks and unexplained physical pain and fatigue This book can help you discover the path to self healing and more Many people in the world today experience trauma some may not show it but they are certainly going through it This book entitled **Healing Trauma Program** helps those who cannot find the courage to ask for help those who desperately want to heal yet is so used to keeping their feelings in all the while keeping everyone out This material aims to help the readers on their way to recovery and aids them with how to move forward little by little This book includes The origins of a trauma How trauma shapes a person How to cope and deal with PTSD Mindfulness and meditation for trauma Healing self perception issues Review on the stages of healing Remembering dismantling and replacing traumatic memories The path to acceptance And so much more Being a book that focuses on helping the audience with their healing the readers can most definitely expect this book to be empathetic in a way that will motivate them to ascend with their lives positively Pick up this practical guide which will not only commiserate with you but will also be with you throughout your self healing
