9781032516554 *Still Reading Romance* Josefine Smith, Kathleen W. Taylor Kollman, 2025-04-01 In a world that commodifies feminism, is adapting romance novels for small and big screen projects, and the Romance Writers Association is evolving to a more inclusive representative group, it is imperative for researchers to reevaluate the cultural assumptions and gender norming work happening in the romance genre. It is time to question the cultural capital of traditional archetypes, explore the experience of romance readers, and question how romance and cultural studies researchers create quantitative, qualitative, and mixed methods research. This work centers around a data set collected with a revised version of Janice Radway's Reading the Romance survey that will be shared with all the authors of this anthology. By having access to this pool, authors will have the opportunity to explore different elements of reader experience and cultural norms in romance fiction and potentially reflect on changes since Janice Radway's seminal work. The norms and negotiations readers experience while consuming romance is especially interesting as romancelandia becomes a more mainstream part of popular culture with the popularity of *Bridgerton* and romance series like *Ice Planet Barbarians* exploding on BookTok. No other book in romance or popular culture studies identifies a data set as the connecting element, and to do so creates an exciting opportunity to create a more inclusive study of popular romance, offer truly interdisciplinary research on the question of how readers read romance, and generate diverse areas of future scholarship. This edited volume explores multiple issues in romance fiction based on survey data from real romance readers. An updated version of Janice Radway's influential survey looking at romance readers in the early 1980s, this time scholars explore romance readers' habits and attitudes in the twenty-first century. Each contributor in this volume uses the same survey data to make unique statements about gender, intersectionality, popular fiction, and popular culture. By using a common data set but approaching it from different perspectives, this unique volume is able to apply multiple methodologies to the same subject.

Overdue Stephanie Perkins, 2025-10-09 Stephanie Perkins is the reason we write romance. *Overdue* is the book her readers have been waiting for. Christina Lauren, *New York Times* bestselling author of *The Paradise Problem*. Ingrid Dahl is a cheerful twenty-nine-year-old librarian living in the cozy mountain town of Ridgetop. She and her boyfriend since college, Cory, have never discussed marriage; they're perfectly happy with the way things are. But when Ingrid's sister announces her engagement to a woman she's only been dating for two years, Ingrid and Cory suddenly feel pressured to start thinking about the inevitable marriage and kids. The thing is, neither of them has ever been with anyone else. Shouldn't they sow their oats before settling down? They make the unorthodox decision to separate for a month to date other people, assuming that at the end of it, they'll reunite and start planning their nuptials. And Ingrid has the perfect man in mind for this relationship: sabbatical Macon Nowakowski, her cantankerous and completely adorable coworker for whom she's had a crush for years. But of course, the best-laid plans often go awry, and when Ingrid and

Cory meet at the end of the month to resume next steps in their relationship it s clear neither of them is ready to get back together Overdue is a beautifully human love story my favorite Stephanie Perkins book yet Rainbow Rowell No 1 New York Times bestselling author of Slow Dance Spotify for Authors Azhar ul Haque Sario,2025-12-29 Forget everything you know about selling audiobooks the rules changed in 2026 This book is the ultimate operating manual for the modern Spotify for Authors ecosystem It breaks down the massive shift from the old credit based retail model to the new access based streaming economy You will find a complete guide to the Voices by INaudio distribution pipeline and how it differs from direct ingestion The content explains the critical 15 hour monthly cap and how to use it to your advantage It details the technical requirements for lossless FLAC audio and square cover art You will learn how to read Heatmap analytics to spot exactly where listeners drop off It covers the legal landscape including the ELVIS Act and Digital Replica riders for AI voices It teaches you to use Redemption Codes as data fuel rather than just free gifts It explains the 2T HGNN recommendation algorithm and how to optimize your metadata for it You will discover strategies for Audiobook Selects and short form content It guides you on using Canvas visuals and Clips to market to Gen Z It explores the Romantasy boom and how to target cross over audiences This book provides a competitive advantage by treating your audiobook as a multimedia asset rather than a static file a strategy most older guides completely miss While other books focus on unit sales this guide teaches you to maximize Consumption Hours and Try Rates which are the real currency of 2026 It offers a unique deep dive into the Spotify Audiobook Selects program showing you how to pitch novellas to become loss leaders for your career It explains the Cliffhanger Economy teaching you to structure your narrative to hook streamers before their monthly allowance runs out It moves beyond basic marketing to Algorithmic Velocity showing you how to coordinate Pre Saves and Countdown Pages to spike your ranking on release day It also integrates merch shelf strategies directly into the listening experience turning fans into customers instantly This is not just about writing it is about engineering a career in the Audio First era In the 2026 landscape you are no longer just a writer you are a hybrid creative managing a complex digital ecosystem This book reveals the secrets of the Interest Graph teaching you to target listeners based on their podcast habits and moods rather than just broad genres You will learn to use Semantic SEO to ensure your book answers the specific emotional prompts of the new Agentic AI search tools The guide even covers Hyper Localization showing you how to find your tribe in specific cities like Austin or Sao Paulo using geographic data Whether you are navigating the SAG AFTRA 2025 agreements for human talent or utilizing ethical AI for backlist translation this book provides the blueprint It transforms the daunting Spotify for Authors dashboard from a confusion of numbers into a clear cockpit for your business Disclaimer This book is an independent publication by Azhar ul Haque Sario and is not affiliated with endorsed by or connected to Spotify AB or its board All references to Spotify Spotify for Authors and related trademarks are used under the doctrine of nominative fair use for educational and descriptive purposes only Baby Name Envy SJ Strum,2025-06-19 Choosing your baby s name is a Big Life

Dandelion Throne Paige Suzanne Patno, 2024 When I decided to write a fantasy romance or romantasy novel I knew it would be important to focus on what makes this novel different from others in the genre In today's leisure reading climate there is a plethora of content available to consumers usually in the form of

accessible and self published titles With the oversaturation of publications in the genre Dandelion Throne has required that I be vigilant of my content to ensure I m contributing something new to the genre There are several common practices in fantasy writing I want to challenge in Dandelion Throne so I selected several touchstone pieces to draw inspiration from and or challenge when outlining and writing the novel As a writer it is important to pay attention to what books are popular in the genre I am writing Because of this I wanted to use Sarah J Maas A Court of Thorns and Roses series or ACOTAR as one of my touchstones I enjoy reading these novels but I also find glaring issues in the content that I wanted to challenge in Dandelion Throne I also decided to use Erika Johansen s Queen of the Tearling trilogy as another touchstone because her protagonist is well developed well written and would serve me well for inspiration writing a royal character Johansen s series manages to be both politically charged and accessible reading I admire the protagonist s keen skills in politics and diplomacy and thought it would serve me well when it came to writing about my protagonist s place on the throne My project is not a political fantasy but with my protagonist being in a royal role I want to be competent at writing political undertones and subplots to make her place on the throne believable
