

casual things we did before
we started dating...

Honestly a lot. It took this
man 2 months worth of dates
to kiss me for the first time
because he didn't want me to
think he had "lunch dates". I
genuinely thought he didn't
like me & almost called it
things. 🤪

He then made me wait
another month before
making it official.

Global Literary Studies Diana Roig-Sanz, Neus Rotger, 2022-12-05 While the very existence of global literary studies as an institutionalised field is not yet fully established the global turn in various disciplines in the humanities and the social sciences has been gaining traction in recent years This book aims to contribute to the field of global literary studies with a more inclusive and decentralising approach Specifically it responds to a double demand the need for expanding openness to other ways of seeing the global literary space by including multiple literary and cultural traditions and other interdisciplinary perspectives in the discussion and the need for conceptual models and different case studies that will help develop a global approach in four key avenues of research global translation flows and translation policies the post 1989 novel as a global form global literary environments and a global perspective on film and cinema history Gathering contributions from international scholars with expertise in various areas of research the volume is structured around five target concepts space scale time connectivity and agency We also take gender and LGBTQ perspectives as well as a digital approach *Make / Believe* John Hartley, 2025-01-23 This book illustrates that mediated popular culture and science based knowledge systems entangled and compromised as both have become are still a robust crucible for system change for the future when they combine forces Planetary crises require responses from everyone This means that collective

action is not simply a scientific or political problem. It is a problem of culture and media. But modern politics journalism and science were not designed for global climate action. They've divided humans into competitive and often hostile we and they groups. Identity news and knowledge are all weaponized. Culture makes groups groups make knowledge and knowledge makes enemies. What can be done to prevent global conflict and the drift to war. Make Believe turns to popular culture and social media to argue for an alternative storyline. While the Great Powers are making new enemies emergent classes led by children are using planetary connectivity to make new worlds. A digital planet generates new kinds of strategic stories for pan human action based on difference intersectionality and cooperation for a sustainable Earth system. Make Believe shows how alternatives to the Great Game of global contestation are gathering strength in unlikely places among women children lifestyle and pop culture. Popular digital media literacy is now a prerequisite for the remediation of the planet.

The Meaning of Myth in Uncertain Times Evelien Bracke, 2025-12-29 This book examines how ancient mythology forms part of the stories we tell ourselves about today's uncertain times not only in popular culture but also in sociocultural and political debates. It particularly explores the ways in which classical myths shape how our modern secular societies think about the interconnected geopolitical technological and ecological issues we are facing and our potential futures. Classical myths like those of Achilles Medea and Odysseus are everywhere from films and novels to social media and games. But how and why are we still fascinated with them particularly now? Can these strange and often painful stories from societies so radically different from our own offer us genuine insights today? This expanded English edition of Evelien Bracke's award winning Dutch book *Leidraad door het labyrint* explores how and why Greek and Roman myths despite their ancient origins are surprisingly meaningful in these times of uncertainty. Bracke offers a contextualization and literary analysis of classical mythology looking at both texts and visual media. This allows readers to gain a better understanding of how people draw inspiration from the past in their attempt to create a better future and how these stories provide both collective and individual guidance in navigating the turbulent 21st century. *The Meaning of Myth in Uncertain Times* is suitable for students scholars teachers and general readers interested in mythology and ancient Greek and Roman history and culture providing insights that are relevant to the challenges we all face today.

Pillow Talk vs. TikTok ANANT RAM BOSS, 2025-09-16
Pillow Talk vs TikTok Why Couples Sleep with Phones More than Each Other and What to Do About It In a world where screens glow brighter than the moonlight, love stories are no longer whispered between pillows but typed between notifications. This book is not just about mobiles; it is about us. About how love, laughter, and even silence have been stolen by a buzzing rectangle in our palms. Meet Arjun and Rhea, a couple who once shared midnight secrets under warm blankets. Now they share reels and memes, lying back to back, scrolling endlessly as if tomorrow depends on their For You page. Rhea laughs at a cat video, Arjun chuckles at a football meme, and both forget that the person lying right beside them is the best story they'll ever have. But this isn't a tale of blame. It's a mirror held up with humour, heart, and a pinch of let's fix this mess together. Through comic misadventures like when Arjun nearly proposes to Rhea by accident on a WhatsApp group and tender revelations when Rhea realises she misses Arjun's real smile more than his emojis, this book explores how modern love is being rewritten one scroll at a time. Here you'll find funny yet painfully true stories of how mobiles sneak into our bedrooms, playgrounds, and even dinner plates. Habits and small shifts that couples and families can adopt to reclaim intimacy like a ten-minute phone-free cuddle rule before bed. Relatable characters whose everyday struggles mirror our own because who hasn't checked their phone while pretending to listen. Emotional insights into what we truly crave: connection, attention, and the feeling of being seen beyond the glow of a screen. *Pillow Talk vs TikTok* is a witty, heartfelt reminder that relationships don't run on Wi-Fi; they run on presence. It asks: when was the last time you looked into your partner's eyes instead of your notifications? When was the last time silence felt comfortable, not awkward? This book doesn't tell you to throw your phone away. Instead, it invites you to laugh, cry, and rediscover the art of being with each other in the most human, cinematic, and yes, sometimes hilariously messy way possible. Because love, unlike TikTok, doesn't
