*Pedagogical Opportunities of the Review Genre* Maarit Jaakkola, 2024-06-28 *Pedagogical Opportunities of the Review Genre* unleashes the pedagogical potential of the review genre reframing the act of reviewing of cultural products as a communicative practice from a pedagogical perspective. Negotiating between traditions of journalism and media studies and pedagogy the author presents a novel approach that will increase the readers understanding of an activity that is on the increase in an era where everyone can be a critic. She identifies, describes and develops genre based pedagogies in formal, non formal and informal contexts of learning and teaching in order to recontextualize the review as a form of learning and rethink of its potential as an inclusive, engaging and a transformative critical cultural practice. This innovative and truly interdisciplinary study will interest students and researchers in the areas of media literacy, digital media, media and communication studies, cultural studies, sociology of arts and pedagogical studies, in particular cultural journalism and criticism, audience studies, cultural production and cultural mediation as well as critical media pedagogy and literacy studies.
