They are the definitive works on comic art research and are exhaustive in their inclusiveness, covering all types of publications: academic, trade, popular, fan, etc. from all over the world. Also included in these books are citations to systematically researched academic exercises as well as more ephemeral sources such as fanzines, press articles and fugitive materials, conference papers, unpublished documents, etc. Attesting to Lent's belief that all pieces of information are vital in a new field of study such as comic art.
