Teachers must pass the first two to be considered highly qualified to teach foundational level mathematics and must pass all three to be highly qualified to teach any advanced high school mathematics course. These materials were developed through the Lincoln Achievement in Mathematics Partnership, a California Mathematics and Science Partnership which hired me as a consultant to help prepare Lincoln USD teachers for the CSET tests. As an Associate Professor at the University of the Pacific who is interested in and has a wide variety of experience in teacher training, specifically as it relates to deepening the content knowledge of teachers, I was an ideal candidate to prepare these materials. Errata: In the Statistics section, p 66 and p 67, the blank table to be filled in labeled Observed Counts should be Expected Counts.      CSET Mathematics Test Prep James Lewis, 2025-11-06 Ace CSET Math.
