Rising 1 1 But Now I See 2 0 Suns Eclipsed 3 0 Worlds Beyond 3 5 The Indigo Reports Space Opera Science Fiction Novel \_\_

Praise for New Star Rising You won't be disappointed if you're looking for a journey into a never explored futuristic world before. It is not a novel that can be skimmed through. Take your time and enjoy the new world that is presented to you. This novel is fascinating for its rich and complex story line set on multiple planets worlds. What an amazing book from start to finish. What is there not to like? I found myself digging into this book and disappointed at the end of it because I wanted more now rather than having to wait for the next book. A complex story line that draws you in then keeps you engaged. Nothing formulaic. Well thought out story. The science fiction components are consistent. Science fiction with real science. LaGrange points. I am so giddy. Roller coaster of a story following fabulous characters who move through varying planet and spacecraft environments whilst always dealing with a war that's not a war. Warring enemies setting each other up to eliminate another enemy. Throw in a neutral entity that does lots of dirty work and this book has all the makings for a great series \_\_
