Cost Conscious Cruiser Lin and Larry Pardey, 1999-07-07 The pleasures and adventures of cruising under sail are amazingly affordable say Lin and Larry Pardey But to keep your dream on budget you have to decide Are you a cruiser or a consumer In this book a logical successor to their *Self Sufficient Sailor* and *Capable Cruiser* they discuss making your getaway plans finding a truly affordable boat keeping your outfitting costs and maintenance time under control and learning to feel confident as you cruise farther afield Their comparison of the gear considered necessary by many yachting experts and the gear carried by several cost conscious cruisers will help you gauge whether you are buying the true necessities or overloading your boat with high tech items that can break down and steal your sense of confidence offshore The chapters on getting the most from your cruising funds the attributes of successful long term voyagers how to upgrade your boat with your own hands plus answers to the then questions most frequently asked by potential cruisers will help you prepare to explore under sail as Lin and Larry explain The decisions you make now will determine if you'll come back from your cruise feeling more empowered or more enslaved by today's consumer society

have been expanded to include the most up to date information on sources supplies and new technology Additional recipes and cooking ideas for use on cruising boats of all sizes have been added to ensure this valuable reference source continues to be relevant for all sailors who venture away from home be it for a weekend cruise to nearby islands or a voyage around the world
