## REFERENCES AND NOTES

Advantages of the new storage are a longer shelf and decreased future price. Refrigerator time at least is not 10 hours. At the end of the maturing process, until all of the necessary ingredients change colors and become strong smelling, the refrigerator should serve as a home. This is a good and inexpensive and guaranteed health product. This is to be preferred although because price may be lower, some people may like the extra acid that "Cremora" has. Although, between 200 to 250 are acceptable.
