Countdown To Armageddon:

Countdown to Armageddon / A Stranger in Paradise Edward M Lerner,2022-12-29 In this amazing double sized volume are some of Edward M Lerner s best works In *Countdown to Armageddon* terrorists have obtained an atomic bomb and a would be martyr eager to deliver it and that s the good news The bad news unknown even to the terrorists is that their physicist has also found a way to take his new bomb back in time to a turning point in European history Harry Bowen an American physicist and Terrence Ambling a British agent turned historian are determined to stop Abdul Faisal but time is running out *A Stranger in Paradise* collects five of the bestselling author s science fiction stories spanning microengineering to Big Brother to planetary ecologies in *The Night of the RFIDs* *Two Kinds of People* *Better the Devil You Know* *Small Business* and *A Stranger in Paradise* **Countdown to Armageddon** Darrell Maloney,2018-06-28 It s been just shy of seven years since the first wave of electromagnetic pulses bombarded the earth and began the turmoil Most people couldn t cope for they no longer had the skills their ancestors had No one grew their own crops anymore Few knew how to hunt and fish and trap small game They lived off boxed food and canned goods And they died in great numbers Some though survived They weren t tougher than the others necessarily They were better planners They were the ones who were willing to learn new things By the time the canned goods and boxed pasta were gone the planners already had their grow spaces established and thriving They were raising livestock instead of butchering it on the spot And they were working hard to protect what they had from others who d take it from them The group of people in Scott Harter s south Texas compound was such a group They suffered like everyone else But they also persevered This is the final chapter in their story It takes place five years after we last saw them and tells the tail of a recovering world And a group of friends and family who ve defied the odds and thrived

Edward M Lerner collects five of the bestselling author's science fiction stories *The Night of the RFIDs* *Two kinds of People* *Better the Devil You Know* *Small Business* and *A Stranger in Paradise* **Toward a New World Order** Don McAlvany, Donald S. McAlvany, 1990-10 **Countdown to Armageddon** Darrell Maloney, 2013-12 Scott Harter discovered what the Mayans really meant about the world ending on December 21 2012 the day marked the beginning of a period that would see the end of civilization as we know it Scott understood that big changes were coming but he didn't know if he had two days to prepare or two years To protect his family he threw every resource he had plus some resources he didn't have into preparing for the end *The Prophecy* Pat Maclane, 2024-10-19 *The Apocalypse Countdown to Armageddon The End of Days decoded* [Countdown to Armageddon](#) James Clavell, 1966 **A Troubling Turn of Events** Darrell Maloney, 2017-09-29 After two long years of struggling one might think it would have gotten easier One would be wrong The ten percent who were lucky enough to have survived the two waves of electromagnetic pulses didn't consider themselves so lucky that is In some ways the world is beginning to normalize The survivors are finding creative ways to grow and share crops The entrepreneurial spirit is returning Shops are reopening And people are finally getting comfortable with doing things that at first disgusted them Rat jerky is now the primary source of meat for many urban dwellers In other ways though things which everyone wished would change stubbornly stayed the same Although most of them have been killed a few marauders remained And they continued to plunder from the good folks at the end of a gun because they were too lazy to work for their food Others were out there as well Others who were much more sinister much more sadistic Others who weren't content in just taking provisions They were looking for victims So they could deprive them of their most intimate treasures And then torture and kill them One such monster has found his way into Kerrville **The 1980's, Countdown to Armageddon** Hal Lindsey, 1982 **Countdown to Armageddon and Beyond** Tom Gaughan, 1998 **1948** Frank Lo Zucco, 2014-12-27 Although a work of fiction 1948 reveals how the countdown to the Biblically predicted end times battle of Armageddon can be traced back to 1948 The book takes the reader through much known evidence to make the case He does this primarily through the interactions and travels of his five main characters who know each from Boston yet spend time exploring Israel together These characters represent varying perspectives of skeptic and believer Jew and Christian 1948 is interesting and entertaining because it offers a plethora of ideas questions and information for consideration In 1948 the believer will find a general guide for following present and future world events while the skeptic will find 1948 a source to help with clarification and understanding of the issues involved **Countdown to Armageddon** George V. Weisz, 2007-05-01 **Countdown to Armageddon???** Bobby Dockery, *An Acquired Taste* Darrell Maloney, 2017-06-21 Two years after the blackout Alamo Plaza and the once proud San Antonio Riverwalk have lost their luster They're now inhabited by a hodgepodge of characters some evil some desperate some starving some borderline insane John Castro and R J Salinas take their respective missions to the heart of the city John finally crosses paths with Lamar Big Boi Taylor Only one
