Schonthal,2021-09-28 Wall Street Journal bestseller Watch your most innovative ideas take flight by overcoming the forces that resist change The Human Element is for anyone who wants to introduce a new idea or innovation into the world Most marketers innovators executives activists or anyone else in the business of creating change operate on a deep assumption It is the belief that the best and perhaps only way to convince people to embrace a new idea is to heighten the appeal of the idea itself We instinctively believe that if we add enough value people will eventually say yes This reflex leads us down a path of adding features and benefits to our ideas or increasing the sizzle of our messaging all in the hope of getting others on board We call this instinct the Fuel based mindset The Fuel based mindset explains so much of what we do from adding countless trivial features to software to bolting a sixth blade onto a shaving razor By focusing on Fuel innovators neglect the other half of the equation the psychological Frictions that oppose change Frictions create drag on innovation And though they are rarely considered overcoming these Frictions is essential for bringing new ideas into the world The Human Element

highlights the four Frictions that operate against innovation Readers will discover Why their best ideas and initiatives often get rejected despite their undeniable value How to disarm the forces of resistance that act against change How to transform the very Frictions that hold us back into catalysts for change Perfect for business leaders product managers educators and anyone else who seeks to bring new and exciting ideas to life The Human Element is an indispensable resource to help people overcome the powerful forces of human nature that instinctively resist change    **The Etude** ,1912 A monthly journal for the musician the music student and all music lovers    **Successful Rabbit Breeding ...** ,1930    Kindergarten Primary Magazine ,1913    The Kindergarten-primary Magazine ,1913    **The new Popular educator** ,1901
