**EBOOK: Financial Accounting** Robert Libby, Daniel Short, Patricia Libby, 2014-04-16 This Global edition has been designed specifically to meet the needs of international financial accounting students. The text successfully implements a real world single focus company approach in every chapter. The companies chosen are engaging and the decision making focus shows the relevance of financial accounting in the real world. In addition to the latest examples of both contemporary and traditional topics new material has been added to make the content more relevant and improve learning outcomes for the international student.

**EBOOK: Basic Marketing** William Perreault, Joseph Cannon, E. Jerome McCarthy, 2013-04-16 Built on a strong foundation Basic Marketing 18e with ConnectPlus and LearnSmart provides an integrated teaching and learning solution for presenting the four Ps framework and managerial orientation with a strategy planning focus. The Perreault franchise was the pioneer of the four Ps in the introductory marketing course. The unifying focus of Basic Marketing has always been on how to make marketing decisions in deciding what customers to focus on and how best to meet their needs. Consistent with our belief in continuous quality improvement this edition has been critically revised updated and rewritten to reflect new concepts new examples recent best practices and to tightly integrate the best digital tools in the industry for ensuring that students are prepared to engage in classroom lectures and pursue future business and marketing careers.

**EBOOK: Understanding Business, Global Edition** William Nickels, Jim McHugh, Susan McHugh, 2012-05-16 Understanding Business Global Edition by Nickels McHugh and McHugh has been the number one textbook in the introduction to business market for several editions for three reasons 1 The commitment and dedication of an author team that teaches this course and believes in the importance and power of this learning experience 2 we listen to our customers and 3 the quality of our supplements package. We consistently look to the experts full time faculty members adjunct instructors and of course students to drive the decisions we make about the text itself and the ancillary package. Through focus groups symposia as well as extensive reviewing of both text and key ancillaries we have heard the stories of more than 600 professors and their insights and experiences are evident on every page of the revision and in every supplement. As teachers of the course and users of their own materials the author team is dedicated to the principles of excellence in business education. From providing the richest most current topical coverage to using dynamic pedagogy that puts students in touch with today's real business issues to creating groundbreaking and market defining ancillary items for professors and students alike.

Understanding Business leads the way.

**for Business, Economics, and the Social and Life Sciences, Brief Version** Laurence Hoffmann, Gerald Bradley, Dave Sobecki, Michael Price, 2012-01-10 **Managing Human Resources** Luis R. Gomez-Mejia, David B. Balkin, Robert L. Cardy, 2010 This work prepares future managers with a business understanding of the need for human resource management skills. The non-functional HR approach used in this text also makes human resources relevant to anyone who has to deal with HR issues even those who do not hold the title of manager **Exploring Chemistry (Loose-Leaf)** Matthew Johll, 2012-05-04 Matthew Johll's Exploring Chemistry covers the standard topics for the nonmajors course in the typical order but each chapter unfolds in the context of a single case study that helps students connect what they are learning to real life situations. For example students work through the often difficult topics of molecular structure, gas laws, and organic chemistry by learning about the development of powerful new chemotherapy drugs, new technologies for screening airline passengers, and the creation of biodegradable biopolymers. It's the same case driven approach that Johll uses in his acclaimed Investigating Chemistry now in its Third Edition but Exploring Chemistry goes beyond the other book's specific focus on examples from forensic science to use real life stories from cooking, athletics, genetics, green chemistry, and more **CCIE Routing and Switching V5.0 Official Cert Guide, Volume 2, Fifth Edition** Narbik Kocharians, Terry Vinson, **College Physics: Volume 1** Roger Freedman, David L. Tauck, Philip R. Kesten, 2013-07-12 College Physics brings physics to life through a unique approach to the algebra level introductory physics course. Its winning combination of annotated art, carefully integrated life sciences applications, and strong problem solving and conceptual understanding pedagogy makes this the best text available for helping students master the physics they need to know for their future careers. Using innovative visual cues to break down physics concepts and sequences in numbered equations and figures, College Physics leads students to develop the crucial conceptual understanding they need to be successful in the course. Carefully crafted to support students new to college level physics, pedagogical features include chapter goals, Take Home Messages, Got the Concept, Watch Out, guide students to becoming adept problem solvers. By incorporating a rigorous presentation of the fundamentals of algebra based introductory physics with formative physiology, biomedical, and life science topics, students learn to connect physics to living systems. The ultimate goal is for students to have both a solid foundation in physics and to develop a deeper appreciation for why physics is important to their future work in the life sciences **The New Century Handbook** Christine A. Hult, Thomas N. Huckin, 2011 The New Century Fifth Edition provides the answers today's students need as writers and researchers in a digital age. From databases to social networking, this handbook shows students how to use technologies to make appropriate rhetorical choices and to become more successful college writers in all of their courses while also providing clear, comprehensive coverage of handbook basics, writing, grammar, and usage, research, and documentation **Music: The Art of Listening** Jean Ferris, Larry Worster, 2009-07-14 Emphasizing music in the context of the society that surrounds it, Music: The Art of Listening weaves the development of Western music into the fabric of cultural
