Postapocalyptic Fiction and the Social Contract Claire P. Curtis, 2010-07-17 Postapocalyptic Fiction and the Social Contract We ll Not Go Home Again provides a framework for our fascination with the apocalyptic events The popular appeal of the end of the world genre is clear in movies novels and television shows Even our political debates over global warming nuclear threats and pandemic disease reflect a concern about the possibility of such events This popular fascination is really a fascination with survival how can we come out alive And what would we do next The end of the world is not about species death but about beginning again This book uses postapocalyptic fiction as a terrain for thinking about the state of nature the hypothetical fiction that is the driving force behind the social contract The first half of the book examines novels that tell the story of the move from the state of nature to civil society through a Hobbesian a Lockean or a Rousseauian lens including Lucifer s Hammer by Larry Niven and Jerry Pournelle Alas Babylon by Pat Frank Malevil by Robert Merle and Into the Forest by Jean Hegland The latter half of the book examines Octavia Butler s postapocalyptic Parable series in which a new kind of social contract emerges one built on the fact of human dependence and vulnerability **Teeth and Talons (Volume I)**

Can, 2023-08-31 Bachelor Thesis from the year 2020 in the subject American Studies Literature grade 1.5 University of Flensburg Institut f r Sprache Literatur und Medien course American Literature language English abstract The allure of dystopian novels lies in how they scrutinize the relationships between humans and the environment in a post apocalyptic world This introduction discusses mankind s fascination with the end of the world and how authors utilize the opportunity to create innovative ideas on a tabula rasa to shape the social fabric and environment of a post apocalyptic world The analysis begins with the origins of the apocalypse concept in eschatological narratives compares Biblical and Qur anic depictions and

investigates how contemporary authors utilize and adapt these elements to address current and forthcoming environmental issues in their works The Knowledge Lewis Dartnell,2014-04-17 How would you go about rebuilding a technological society from scratch If our technological society collapsed tomorrow what would be the one book you would want to press into the hands of the postapocalyptic survivors What crucial knowledge would they need to survive in the immediate aftermath and to rebuild civilization as quickly as possible Human knowledge is collective distributed across the population It has built on itself for centuries becoming vast and increasingly specialized Most of us are ignorant about the fundamental principles of the civilization that supports us happily utilizing the latest or even the most basic technology without having the slightest idea of why it works or how it came to be If you had to go back to absolute basics like some sort of postcataclysmic Robinson Crusoe would you know how to re create an internal combustion engine put together a microscope get metals out of rock or even how to produce food for yourself Lewis Dartnell proposes that the key to preserving civilization in an apocalyptic scenario is to provide a quickstart guide adapted to cataclysmic circumstances The Knowledge describes many of the modern technologies we employ but first it explains the fundamentals upon which they are built Every piece of technology rests on an enormous support network of other technologies all interlinked and mutually dependent You can't hope to build a radio for example without understanding how to acquire the raw materials it requires as well as generate the electricity needed to run it But Dartnell doesn't just provide specific information for starting over he also reveals the greatest invention of them all the phenomenal knowledge generating machine that is the scientific method itself The Knowledge is a brilliantly original guide to the fundamentals of science and how it built our modern world *The Mystery Science Theater 3000 Amazing Colossal Episode Guide* Trace Beaulieu,1996 SYNOPSES OF THE MORE THAN 120 EPISODES OF THE PEABODY AWARD WINNING TV SHOW Historical Dictionary of Science Fiction Cinema M.
