actually be READING simple sentences even day ONE Students do see lists of words in Alpha Phonics lessons but they QUICKLY are actually READING those words they are accomplishing instead of being entertained The Bells and Whistles in other programs slow the process and cost time and money The huge sense of success in actually reading quickly overcomes any other consideration We almost forgot the SUPER BONUS Many ADULTS become BETTER readers while teaching their child The lessons for the Student are in LARGE TYPE on 8 1 2 X11 pages meaning you can instruct him her DIRECTLY from the book Nothing need be copied on separate paper Makes everything much easier than if it were on 5 X 8 pages Alpha Phonics is highly recommended by leading Homeschooling curriculum reviewers such as Mary Pride Cathy Duffy Karen Andreola Amazon also has a set of practice Readers and a practice Phonics Workbook to accompany Alpha Phonics But they are NOT required but Moms find them helpful The Alpha Phonics and How To Tutor Little Companion READERS 10 books combined into one handy book 19 95 ISBN 9780941995344 They are specifically designed to follow along with the Alpha Phonics book as you teach from it The other resource is The Alpha Phonics and How To Tutor Phonics Companion PRACTICE WORKBOOK 19 95 ISBN 9780941995337 Designed to accompany the Alpha Phonics book as you go through the lessons
