Children's Services Today Jeanette Larson, 2015-03-01 Here, one of America's foremost experts in public library services to children, cover the basics of library services for children. Jeanette Larson highlights best practices and toolkits that provide tools and resources to quickly implement programs and services. She includes model programs, checklists, and forms, and ready-to-use examples of programs with an emphasis on programs that are inexpensive to implement and simple to replicate. From start to finish, learn how to plan, implement, and manage public library programs and services for children ages birth to twelve years old. Children's services are a critical part of today's library services, and staff need basic background information, practical advice, and specific examples of how to perform the fundamental duties required of them. Special features of the book include: Basic information on how to implement the fundamental services and programs of library services to children; Background and rationale for the provision of these services and programs; Enhancements for children's programs and services that support literacy and learning; Templates for successful programs; Examples of inexpensive and ready-to-use programs ranging from simple to on-going and more elaborate programs; Children's Services Today: A Practical Guide for Librarians offers basic background, practical experience, and best practices necessary for the

successful provision of children's services in today's public library. Whether you are a part time children's librarian in a small rural library a generalist assigned to provide children's programming in a medium sized library or a paraprofessional working in the children's department in a large urban library this practical guide will help you implement dynamic programs and services that meet the needs of today's children and families **Coding for Children and Young Adults in Libraries**

Wendy Harrop, 2018-07-15 *Coding for Children and Young Adults in Libraries* is an all inclusive guide to teaching coding in libraries to very young learners as young as 4 or 5 years old. This book will provide all librarians whether they are brand new to the idea of coding or fairly experienced with it with both the foundation to understand coding and tools they can use. The book features lessons ideas and information about the newest and the best coding tools and templates for creating coding clubs and classes. It also provides options for all technology environments for those libraries with very few devices available to those with many to choose from. Readers will both learn the essentials for teaching coding to young kids as well as how to organize coding programming in the library. This book takes an in depth look at what tools are available both high tech and low to help kids learn this important skill. Whether you're novice or experienced in the world of coding this book will have what you need to set up library coding clubs, help kids with game design and even program robots [20 Years of PEZ Collectors News: Part 2 of 2, pages 66-144](#)

Richard Belyski, 2016-02-13 Over the course of 20 years the early years of publishing PEZ Collectors News we had some really great stories that were written by respected PEZ experts. It includes ground breaking information interviews and of course basic PEZ collecting information. Most of the stories and information has been buried and forgotten for years. Time to dig it up and share it with the hobby again plus add some new never before seen items. There is something for everyone new collectors to advanced. Everyone will find this book interesting and informative. We have stories that cover the History of PEZ, Basic Collecting information, PEZ Terms, Identifying PEZ, PEZ Variations, Cleaning PEZ, Displaying your PEZ collection, Collecting tips, Interviews, Fun Stories and much more.

[Think-A-Lot-Tots: Stem Cells](#) Thomai Dion, 2017-02-26 It's never too early to start learning.
