Paul, the Apostle of Satan Daniel Jay Bjorndahl, 2021-09-05 A line by line berean commentary which compares the teachings of Paul to the words of Yeshua and the law and the prophets **What Makes Us Moral?** Craig Hovey, 2012-10-23 Is science all we need to make us moral In his recent book The Moral Landscape Sam Harris presents his vision of a world in which reason and science alone determine our values Here a leading Christian ethicist subjects this vision to a rigorous critique providing general readers with a clear concise and compelling expos of the most serious flaws in Harris s arguments

The Arms of the Future Jack Watling, 2023-09-07 From sensor fuzed munitions and autonomous weapons to ground moving target indication radar laser vibrometers and artificial intelligence the weapons of warfare are undergoing a rapid transformation with modern technologies reshaping how armies intend to fight in the twenty first century The Arms of the Future analyses how the emergence of novel weapons systems is shaping the risks and opportunities on the battlefield Drawing on extensive practical observation and experimentation the book unpacks the operational challenges new weapons pose on the battlefield and how armies might be structured to overcome them At a time when defence spending across NATO is on the rise and conflict with Russia raises new questions of what it means to fight a truly modern war Watling examines not just the arms to be employed but how they can be fielded and wielded to survive and prevail in future wars **Pierre Poilievre** Andrew Lawton, 2024-05-28 When Pierre Poilievre was elected leader of Canada s Conservative party in 2022 he vowed to put Canadians back in control of their own lives He took aim at the country s elites and gatekeepers as well as governments that sneer at their own citizens Railing against the housing crisis and spiralling inflation Poilievre was telling ordinary Canadians he was on their side As the adopted son of two Alberta teachers Poilievre knows the middle class But he s also the embodiment of a career politician having spent nearly his entire adult life in politics In Pierre Poilievre A Political Life journalist Andrew Lawton chronicles Poilievre s life career and his unique brand of conservatism which has galvanized supporters and detractors alike The portrait that emerges is of a radically authentic yet intensely calculating individual who has been plotting his path to be Canada s prime minister since he was a teenager **Furious Minds** Laura K. Field, 2025-11-04 The story of the radical conservative intellectual movement shaping Donald Trump s agenda and how it threatens American freedoms values and democracy Donald Trump is not a big thinker but his 2016 presidential victory presented a grand opportunity for people who are and it set off a radicalization and reconfiguration of the American conservative intellectual world In Furious Minds Laura Field who spent close to a decade in conservative academic circles chronicles the rise of the New Right the network of academics public intellectuals and influencers who provide ideological fuel to Trumpism This movement includes figures such as Patrick Deneen Christopher Rufo Peter Thiel and JD Vance Their agenda is built to last and it has dire long term implications for liberal democracy The New Right has precedents in American history but it is distinct for its youthfulness misogyny and extraordinary successes most notably the elevation of Vance to the

vice presidency The movement which draws together associates of the right wing Claremont Institute National Conservatives Postliberals and the Hard Right advocates nationalist economics tight borders isolationism and reactionary social values It helped to strategize January 6th and created Project 2025 But above all the New Right is engaged in a vast culture war against modern liberal pluralism It is determined to harness state power and use it in new illiberal ways from college campuses to the international scene all driven by the fantasy of restoring a pure America Incisive and urgent Furious Minds tells the story of the thinkers of the New Right and their powerful assault on American freedoms values and ideals
