during World War 1 the Clumber Spaniel's numbers dwindle which lead to kennels taking an interest in preserving the breed. Despite the efforts to increase the breed's numbers the Clumber Spaniel is still considered a vulnerable breed in the UK which means that under 300 new Clumber Spaniels are registered each year. The Clumber Spaniel has a large heavy bone structure a large head large vine leaf shaped ears and a freckled muzzle. The breed predominantly has a white lemon orange or brown coat colorations and there are normally spots of other common coat colorations around their muzzle and body. The Clumber Spaniel has a dense coat with the top half being short and the bottom half being a lot longer. As a whole the Clumber Spaniel is known to be a gentle loyal and affectionate breed. They are also known to be a very sleepy breed and spend a lot of time relaxing eating or sleeping.
