

ALIEN ENCOUNTERS

A woman with long brown hair, wearing sunglasses, a dark jacket, and jeans, is crouching in a futuristic, metallic corridor. She is holding a large, silver, futuristic handgun with both hands, firing it towards the right. A bright, orange-yellow energy beam is visible coming from the gun. In the background, several alien soldiers in dark, armored suits are running towards her. The corridor has a high ceiling with circular lights and a floor with a grid pattern. The overall scene is dynamic and action-packed.

The Alien Invasion (Classic Reprint) W. H. Wilkins, 2017-09-17 Excerpt from *The Alien Invasion* My object in writing this little book has been to collect together in a popular and readable form the main facts connected with the question of destitute immigration. I have endeavoured to set forth as concisely as possible the evils consequent upon our present system and to place before the public the leading arguments in favour of some moderate and judicious restriction of the influx of the destitute and worthless of other countries. In doing so I have studiously avoided identifying this important question with any particular party or any particular creed. It is a matter which concerns the nation as a whole and it is one in which men of all creeds and parties Jew or Christian Liberal or Conservative may unite together for good. The advisability of restricting our present system of unchecked destitute immigration is a matter upon which there exists considerable difference of opinion. In giving expression to my earnest convictions I ask for that same indulgence which I willingly extend to those who may differ from my conclusions. The Alliance Chris G. Wright, 2017-01-30 *The Alliance* lays the groundwork for a 6-volume science fiction series combining both space opera and post-apocalyptic elements of Earth's thrilling journey from dystopia to utopia to interstellar travel and space colonization and the evolution of diverse societies, some human, some not. Across the centuries, all in the shadow of a galactic menace. **SHORT DESCRIPTION** Individuals from different walks of life and regions of the Milky Way go head-to-head with an alien tyrant and his conquest, unaware that they have become pawns of omniscient entities and drawn into an elaborate ploy of universal proportions. **LONG DESCRIPTION** Earth's greatest military powers have been crushed to a shadow of their former glory. Invasion has plagued entire continents, throwing surviving societies into turmoil, famine, disease. Mankind's legacy has been reduced to ruins of rubble and rust. The future seems bleak for the isolated pockets of resistance, and what lurks in the skies will not rest until it has claimed every single one. But all is not lost for the despairing humans. In the infinitude of the universe, there may be hope so long as humans can learn to trust those who claim responsibility for this calamity, who claim their rescue plan will rock the very foundations of both worlds. Nearing extinction, do they have a choice? Salvation rests on the shoulders of two men who are more than what they appear. Ethan Alexander Colt is a resistance fighter, expected to make the ultimate sacrifice; the other is the tormented Cpt Donovan Ford, who must conquer his ghosts and embrace his destiny as a soldier. Outnumbered and outmatched, two species will have to depend on the Conduits' ancient combat suits, once operated by the infamous Scientists. But humans were designed with flaws, and Ethan and Donovan are no different. Will they see beyond their own aspirations and fight for the greater good? Or

will they threaten the endurance of the Galactic Alliance and stability of the cosmos Finding new science fiction authors that are great is very difficult and I m very happy that Great Britain has yet again produced an outstanding new author The Alliance by Chris G Wright is a new Sci Fi series that will take the reader to a new concept when it comes to science fiction space opera action adventure mystery and some fantasy Erik Martin Willen author of the Nastragull series **The Gift of Thoran** Patty Lesser,2019-04-14 An alien invasion Check Teenagers with supernatural powers Check The world hanging in the balance Check And Double Check In this sequel to Book One of the Coma Kids Series a group of ten teenagers with extraordinary powers are rescued from the dangerous restrictions on Earth by an advanced race of aliens the Thorans who have bestowed upon the gifts of telepathy and telekinesis the ability to move physical objects by thought The Thorans fly them to a moon orbiting their planet where they are encouraged to develop their powers Here they meet five other groups of kids from different species and learn to work together to face numerous challenges From fighting off the Yarm a space creature who eats all vegetation leaving planets barren to overcoming a life threatening illness to aliens who attempt to enslave them Through their various trials the kids become stronger and are able to do amazing things with their minds But will it be enough to save the planet and the galaxy from being destroyed by evil aliens **Earth Fall: Invasion** Raymond Weil,2018-01-27 From USA Today Bestselling author of The Slaver Wars comes a new military science fiction series The Trellixian Empire was constantly expanding seeking new worlds for their ever increasing population If worlds were discovered with existing sentient populations they were cleansed to make room for colonization Hundreds of budding civilizations had been eliminated by Trellixian battle fleets On Earth years in the past a scout ship fleeing from the Trellixians crashed Scientists investigating the wreckage discovered what the Trellixians had done to the world the scout ship escaped from They also discovered it was only a matter of time before the Trellixians reached Earth A daring plan was implemented involving the major world powers They would prepare in secret for the coming of the alien invaders The only question was how could one world resist a galactic empire Alien Invasion Philippa Werry,2003 That summer there were ants everywhere and alien tracking devices picked up unusual signals from outer space Could these events be related Valerie thinks so but her brother Michael is not so sure Suggested level primary intermediate Colonization Avery Blake,Johnny B.
