Readers Choice Post Apocalyptic Story:

Postapocalyptic Fiction and the Social Contract Claire P. Curtis, 2010-07-17 Postapocalyptic Fiction and the Social Contract We'll Not Go Home Again provides a framework for our fascination with the apocalyptic events. The popular appeal of the end of the world genre is clear in movies, novels, and television shows. Even our political debates over global warming, nuclear threats, and pandemic disease reflect a concern about the possibility of such events. This popular fascination is really a fascination with survival: how can we come out alive? And what would we do next? The end of the world is not about species death but about beginning again. This book uses postapocalyptic fiction as a terrain for thinking about the state of nature, the hypothetical fiction that is the driving force behind the social contract. The first half of the book examines novels that tell the story of the move from the state of nature to civil society through a Hobbesian, a Lockean, or a Rousseauian lens, including Lucifer's Hammer by Larry Niven and Jerry Pournelle, Alas, Babylon by Pat Frank, Malevil by Robert Merle, and Into the Forest by Jean Hegland. The latter half of the book examines Octavia Butler's postapocalyptic Parable series in which a new kind of social contract emerges, one built on the fact of human dependence and vulnerability.

Merry Apocalypse

C. A. King, 2018-12-03 For centuries families gathered throughout the holiday season to hear recitals of the famous words of Dr. Clement C. Moore's "Twas the Night Before Christmas" and celebrate the long awaited return of Santa. His jovial generosity became synonymous with all that was merry and bright. Then everything changed. This year the gatherings are sharing their own Christmas story. "Merry Apocalypse" includes the telling of a new traditional tale that echoes the familiar tone and rhythm of familiar poetry but instead of joy and bliss contains warnings of danger and death.

The Vanishing Deep

Astrid Scholte, 2022-01-04 Bestselling author Astrid Scholte returns with a thrilling adventure in which the dead can be revived for a price. Now in paperback. Ever since her sister Elysea drowned, seventeen year old Tempe's been looking for answers. And for a price, Tempe will finally get them from her dead sister. On the nearby island of Palindromena, the research facility once paid will revive the dearly departed for a period of twenty four hours before returning them to death. It isn't a heartfelt reunion that Tempe is after, though. Elysea died keeping a terrible secret, one that has ignited an unquenchable fury in Tempe. Finally, she'll know the truth about their parents' deaths. Instead of answers, Elysea persuades Tempe to break her out of the facility to embark on a dangerous journey to discover the truth and mend their broken bond before Elysea's time runs out. Complicating matters, they're pursued every step of the way by two Palindromena employees desperate to find them before the secret behind the revival process and the true cost of restored life is revealed.

Reading Chinese Science Fiction in the Age of Techno-Nationalism Fontaine Lien, 2025-11-11 This book is a comprehensive examination of contemporary Chinese science fiction, under the framework of Chinese techno-nationalism, aimed at introducing the genre to both general and academic readers and providing new, in-depth perspectives on work that has been published in the early twenty-first century. While China has made technology an important pillar of its external power projection and internal management strategy, this

book approaches contemporary Chinese sf as a complicated mode of both aspiration and subversion within the sphere of techno nationalistic discourse. Using a general theoretical framework informed by the emergence and dominance of global neoliberalism this book locates Chinese sf as part of a world literature that is concerned with class inequality, exploitative capitalism and the ways in which new technology contributes to these problems. For those interested in the state of contemporary Chinese sf and its scholarship this book also provides a review of recent developments as well as emerging trends. Its thematic chapters are organized in terms of different types of responses generated by techno power and techno nationalism: sf that addresses traditional Chinese culture and myth; sf that ruminates on the way China wields power internally and externally; sf that considers global concerns in terms of Chinese responsibility; and finally sf that critiques authoritarianism and censorship.
