# VS

## Janitor

### Definition

A custodian is a term that refers to a person who has custody of a child or something.

While janitor is a term used for a person entrusted with cleaning and maintenance of the building.

### Services

A custodian provides the service of security, maintenance and other important affairs of a client.

A janitor provides the service of cleaning, like dusting, vacuuming and mopping.

### Image

A custodian reminds the people of a person who is looking after the security and maintenance of a place.

The public image of the janitor is as a person cleaning toilets, emptying trash cans and mopping the floor.

### Prior

Today, people prefer custodians, as they consider this job sounds more important.

The janitor is less preferable as compared to the custodian but they can also do the same tasks.

### Difficulties

Custodians don't get much money; their salary depends on the company they work for. But the average salary is not good enough.

A janitor can not work from home like another worker, as he has to be present in the working place. Moreover, being a janitor is a hardworking job with manual labor.
