Ron Pelfrey,2005-12-15 How good is your school s mathematics program Test scores can provide some general trend
information but what you and your students parents really need are specifics about the quality of the curriculum the
effectiveness of the instruction and the school s overall capacity to support mathematics learning The Mathematics Program
Improvement Review MPIR is a proven evaluation process focused on standards for high quality mathematics programs in
grades K 12 Based on research into effective program evaluation methods the MPIR approach uses multiple data sources to
clarify exactly what is working within an individual school s math program and what is not Author and MPIR developer Ron
Pelfrey has used this process to evaluate mathematics programs in more than 300 rural urban and suburban schools and has
trained hundreds of educators to conduct reviews Now this handbook makes the MPIR process and its benefits available to
everyone Inside you ll find guidelines for training review team members and all the materials needed to conduct a review
including Lists of standards and indicators for the 10 essential components of an effective mathematics program Templates
for questionnaires interviews and classroom observations Detailed evaluation rubrics Forms for compiling ratings and
generating a final report Whether used as a basis for informal faculty or departmental discussion to promote best practices in
a particular area such as curriculum or instruction or to guide a formal program evaluation this book will help any school or
