## Celta Study Guide:

The CELTA Survival Guide Stephen Beale, 2019-05-15 As a CELTA graduate and author of the popular blog CELTA Helper I wrote this book to take an alternative approach to preparing for the CELTA course. The book is divided into 3 sections: What to Do Before the Course Begins, Staying Sane During the Course, and Keeping Up With the Work. Finding jobs and Navigating Your Way Through English Language Teaching ELT After the course. Please note I am NOT a CELTA tutor. I have over 11 years experience in ELT and want to share all the practical tips and tricks I have learnt both during the CELTA and beyond. This book will not Try to dazzle and confuse you with linguistics jargon. It will not debate the various schools of teaching methodology. Harp on about why the CELTA way is the way to teach the English language. Destroy your confidence by making you feel that you know nothing. Instead this book will Provide you with purely practical and useful information. Share insights and inside tips from a CELTA graduate. Target the most strategic areas to focus on to help you get through your course with the least stress possible. Take a positive approach and help you on your journey to achieving your goal of getting a CELTA certificate. The book is also based on my daily conversations and interactions with CELTA course trainees who contact me both through the CELTA Helper website and on social media. It tries to answer as many possible questions in one go so dive in if you are thinking about taking the CELTA but are not sure where to start.

The CELTA Course Trainer's Manual Scott Thornbury, Peter Watkins, 2007-08-10 The CELTA Course is the only CELTA preparation course endorsed by Cambridge ESOL. It provides full coverage of the CELTA syllabus in a ready to use course. The CELTA Course is divided into user friendly sections: Input sessions (40 units on The learners and their contexts, Classroom teaching, Language awareness and Professional development, Teaching practice, Classroom observation, Written assignments and tutorials, Resource file, The Trainee Book). The Trainee Book includes a range of material to be used in input sessions, helpful advice about the course and a wealth of useful reference material. The Trainer's Manual includes suggestions on how to best use the material with trainees as well as help and advice on how to prepare trainees for teaching practice, lesson observations, written assessment and tutorials.
